PROGRAMME PROJECT REPORT (PPR) – Distance and Online MBA

1. Introduction:

High-quality management education is essential for the digital age and using technology is powerful way to enhance changing requirements of the corporate, business enterprises and society. Distance and Online MBA students should be equipped to work across time zones, languages, and cultures. Employability, innovation, theory to practice connectedness is the central focus of this curriculum. The curriculum is designed as such that the students can gain an in-depth mastery of the academic disciplines and applied functional areas necessary to meet the requirements of business enterprises and the industry.

The **Teerthanker Mahaveer University, Moradabad** Distance and Online MBA Programme imparts knowledge and skill sets to students to achieve this, and face real world challenges. It teaches application of innovative practices to current business situations. It incorporates analysis of contemporary issues besides providing a strong theoretical foundation. It provides a collaborative learning environment with dedicated faculty to ensure students achieve their full potential. The Programme teaches one to work smartly, take the lead in critical situations, and influence business decisions more effectively. It teaches one to not only work efficiently, but also shape the business environment and create opportunities for further growth.

The University emphasizes on the following courses *balanced with core and elective courses*. The curriculum of this program emphasizes an intensive, flexible management education with total 108 credits. The programme structure and credits for MBA are finalized based on the stakeholders' requirements and general structure of the programme.

The Distance and Online Master of Business Administration (MBA) Programme is a two-year Programme with inclusion of various specializations, the programme aims at developing focused managers with a strong understanding of their area of specialization, even as the core subjects equip the students with fundamental management theories and concepts along with less tangible, but equally important soft skills. The Programme is designed to inculcate confidence, improve knowledge, and act as a catalyst in the search for success and growth.

1.1. Programme Mission and Objective:

To offer a high-quality Masters' degree in Management (MBA) through Distance and Online mode to the students and working professionals to help them to develop managerial and leadership skills to enhance their career prospects. The students will be able to move up their career ladder and/or launch out on an entrepreneurial career.

The objectives of the programme include:

• Introduce students to the basic concepts and domains of management including Finance, Human Resource Management, Marketing Management and International

Business.

- Equip students with analytical skills and decision making.
- Sharpen the skills of students and enable them to practice quantitative method techniques.
- Inculcate entrepreneurial skills managerial concepts with leadership skills.
- Develop knowledge about emerging markets and technologies

2. Relevance of Programme with Teerthanker Mahaveer University, Moradabad - Mission and Goals:

In order to align with the mission and goals of Teerthanker Mahaveer University Moradabad, the Programme is planned to enable students and working professionals gain knowledge in various domains of management, specialize in a domain of their choice, gain knowledge of not only managerial skills including analysis, data based decision making and entrepreneurship, but also introduce them to leadership role in newer and emerging markets, products and technologies.

2.1. Vision:

• To develop conceptual knowledge, practical insights and skills to deal with organizational challenges

2.2. Mission:

- To develop managerial knowledge, skills and competencies.
- To enable learn while you earn for the employed citizens thereby promoting continuous learning and application in their work life.
- To enable industrial employees to improve their qualifications without leaving their existing careers and enhance their employability in to managerial positions post completion of their degrees.

3. Nature of Prospective Target Group of Learners:

The programme is specially designed to cater the need of students who are not able to study through regular mode. Working professionals, housewives, students from rural areas, students who do not wish to prefer regular courses due to various reasons and students who cannot afford costly regular courses are the target group learners. .

4. Appropriateness of programme to be conducted in Distance and Online mode to acquire specific skillsand competence:

The courses in the programme are delivered through Self-Learning Management System e-Module which is a modular unit of e-learning material which is inter-alia self-explanatory, selfcontained, self- directed at the learner, and amenable to self-evaluation, and enables the learner to acquire the prescribed level of learning in a course of study and includes contents in the form of a combination of the following e-Learning content, and made available through four-quadrant approach namely,

(a) e-Tutorial - faculty led Audio - Video Lectures, (b) e-Content (combination of PDF/ epub) Text Materials, (c) Discussion forum for raising of doubts and clarifying the same on real time basis by the Course Coordinators/Course Mentors assigned to students (d) Self- Assessment Quiz, Test and Assignments to reinforce learning. Reference books are also mentioned in the syllabus. Latest Edition of Reference books may be referred to.

A robust Learning Management System that keeps track of delivery of e-Learning Programmes, learner's engagement, assessment, results and reporting in one centralized location, is in place. All of the above can be done/delivered by Distance and Online and other platforms without much loss of fidelity. Hence the MBA programme is suited for Distance and Online mode of learning.

5. Instructional Design:

5.1. Curriculum Design:

Curriculum has been designed by experts in the area of Management and care has been taken to include contemporary topics, as well as topics that also inculcate environmental awareness in students. The curriculum and syllabus are approved by the Board of Studies, Internal Quality Assurance Cell (IQAC) and University Academic Council which consists of experts from Academia and Industry.

Understanding the concepts and theories of cost, production and reverelationship to Business operations.	enue in
CO3.	Applying the demand and supply laws and assessing the economic posit company.	ion of a
CO4.	Applying the marginal analysis to assess different market conditions. Evaluating price and output decisions for different market structures.	
CO3.	Course Content:	
Unit-1:	Evolution of Managerial Economics in Indian Context: Managerial Economics: Meaning, Definition, Characteristics, Nature, Relation with other disciplines, Scope, Importance. Role and Responsibility of A Managerial Economist. Fundamental Concepts of Economics: Incremental Reasoning, Opportunity Cost, Contribution, Time perspective, Time Value of Money and Risk & Uncertainty. Alternative Objective of the Firm: Theory of the Firm (Profit Maximization Theory), Managerial Theories of the Firm (Sales Revenue Maximization Model, Managerial Utility Models and Growth Maximization Models), Behavioural Theories of the Firm (Simons Satisfying Model and Cyert& March's Behavioural Theory of the Firm). One relevant Case Study/ Case let from the unit.	6 Hours
Unit-2:	Theory of Consumer Choice and Demand Analysis: The Cardinal Approach to Consumer Equilibrium: Measurement of Utility, Law of Diminishing Marginal Utility, Law of Equi-Marginal Utility. The Ordinal Utility Theory: Indifference Curve Approach: Meaning, Properties, The Budget Lines, Consumer Equilibrium. Demand Analysis: Meaning of Demand, Definition of Demand, Demand Function, Determinants of Demand, Law of Demand, Factors affecting the Demand. One relevant Case Study/ Case let from the unit.	6 Hours
Unit-3:	Elasticity of Demand and Demand Forecasting: Elasticity of Demand: Meaning, Types of Elasticity of Demand. Price Elasticity of Demand: Meaning, Definitions, Degrees, Measurement, Factors affecting price elasticity of demand and Importance. Income Elasticity of Demand: Meaning, Definition, Types and Importance. Cross Elasticity of Demand: Meaning, Definitions, Types. Demand Forecasting: Meaning, Definitions, Steps involved in Demand Forecasting, Determinants and Methods.	6 Hours

	One relevant Case Study/ Case let from the unit.	
Unit-4:	Theory of Production, Cost and Revenue: Theory of Production: Meaning and concept of production, Production function (Short run and Long Run), Relationship between TP, MP and AP. Law of Variable Proportion, Law of returns to scale. Law of Supply. Theory of Cost: Concept of Cost, Different types Cost, Cost Function (Short Run and Long Run); Relationship between TFC, TVC and TC. Relationship between TC, TFC, TVC, AC, MC, AVC and AFC and Relationship between AC and MC. Theory of Revenue: Concept of Revenue, Relationship between TR, MR and AR. One relevant Case Study/ Case let from the unit.	6 Hours
Unit-5:	Market, Market Structures, Pricing and Output Equilibrium under different Market Structures and Business Cycle: Market and Market Structure: Concept and Different types of Market and their characteristics. Determination of price and output equilibrium under different market structure: Perfect Competition: Features, Determination of price and output equilibrium under long run & short run. Monopoly: Features, Determination of price and output equilibrium under long run & short run. Monopolistic: Features, Determination of price and output equilibrium under long run & short run. Oligopoly Features, Determination of price and output equilibrium under long run & short run. Business Cycle: Meaning Definition, features, Phases of Business Cycle, Factors causing Swings in Business Activity. One relevant Case Study/ Case let from the unit.	6 Hours
