INCOME TAX

Introduction

In a Welfare State, the Government takes primary responsibility for the welfare of its citizens, as in matters of health care, education, employment, infrastructure, social security and other development needs. To facilitate these, Government needs revenue. The taxation is the primary source of revenue to the Government for incurring such public welfare expenditure. In other words, Government is taking taxes from public through its one hand and through another hand; it incurs welfare expenditure for public at large. However, no one enjoys handing over his hard-earned money to the government to pay taxes. Thus, taxes are compulsory or enforced contribution to the Government revenue by public. Government may levy taxes on income, business profits or wealth or add it to the cost of some goods, services, and transactions.

DIRECT TAX & INDIRECT TAX

There are two types of taxes: Direct Tax and Indirect Tax

Tax, of which incidence and impact fall on the same person, is known as Direct Tax, such as Income Tax. On the other hand, tax, of which incidence and impact fall on two different persons, is known as Indirect Tax, such as GST, etc. It means, in the case of Direct Tax, tax is recovered directly from the assessee, who ultimately bears such taxes, whereas in the case of Indirect Tax, tax is recovered from the assessee, who passes such burden to another person & is ultimately borne by consumers of such goods or services.

Difference between direct taxes and Indirect Tax

Direct taxation is defined as the tax which is directly levied on the citizens of a country. All individuals and business concerns have to pay direct taxes to the government on a regular basis. These direct taxes are calculated on every sources of income that accrues to the business of individual.

On the other hand, the citizens of a country are charged certain levies indirectly as well. These indirect levies are known as indirect taxes. These are the taxes payable on an activity or a commodity. Tax is collected at the time of sale or purchases or rendering of services. Some common examples of indirect taxes are sales tax and excise tax.

Finance Act:

Every year, the Finance Minister of the Government of India presents the Budget to the Parliament. Once the Finance Bill is approved by the Parliament and gets the assent of the President of India, it becomes the Finance Act.

Income-tax Rules:

The administration of direct taxes is looked after by the Central Board of Direct Taxes (CBDT). The CBDT is empowered to make rules for carrying out the purposes of the Act. For the proper administration of the Income-tax Act, the CBDT frames rules from time to time. These rules are collectively called Income-tax Rules, 1962.

Circulars and Notifications:

Circulars are issued by the CBDT from time to time to deal with certain specific problems and to clarify doubts regarding the scope and meaning of the provisions. These circulars are issued for the guidance of the officers and/or assesseees.

Brief History Of Income Tax In India

In India, Income tax was introduced for the first time in 1860, by Sir James Wilson in order to meet the losses sustained by the Government on account of the Military Mutiny of 1857. Thereafter; several amendments were made in it from time to time. In 1886, a separate Income tax act was passed. This act remained in force up to, with various amendments from time to time. In 1918, a new income tax was passed and again it was replaced by another new act which was passed in 1922. This Act remained in force up to the assessment year 1961-62 with numerous amendments. The Income Tax Act of 1922 had become very complicated on account of innumerable amendments. The Government of India therefore referred it to the law commission in 1956 with a view to simplify and prevent the evasion of tax. The law commission submitted its report in September 1958, but in the meantime the Government of India had appointed the Direct Taxes Administration Enquiry Committee which submitted its report in 1956. In consultation with the Ministry of Law finally the Income Tax Act, 1961 was passed. The Income Tax Act 1961 has been brought into force with 1 April 1962. It applies to the whole of India including Jammu and Kashmir.

ASSESSEE [SEC 2(7)]

“Assessee” means,

- a. a person by whom any tax or any other sum of money (i.e., penalty or interest) is payable under this Act (irrespective of the fact whether any proceeding under the Act has been taken against him or not);

- b. every person in respect of whom any proceeding under this Act has been taken (whether or not he is liable for any tax, interest or penalty) for the assessment of his income or loss or the amount of refund due to him;
- c. a person who is assessable in respect of income or loss of another person;
- d. every person who is deemed to be an assessee under any provision of this Act; and
- e. a person who is deemed to be an 'assessee in default' under any provision of this Act.

E.g. A person, who was liable to deduct tax but has failed to do so, shall be treated as an 'assessee in default'.

Deemed Assessee:

A person who is deemed to be an assessee for some other person is called "Deemed Assessee".

Assessee In Default:

When a person is responsible for doing any work under the Income Tax Act and he fails to do it, he is called an "Assessee in default".

Assessment [Section 2(8)]

This is the procedure by which the income of an assessee is determined by the Assessing Officer.

ASSESSMENT YEAR (A.Y.) [SEC. 2(9)]

Assessment year means the period of 12 months commencing on the 1st day of April every year. It is the year (just after the previous year) in which income earned in the previous year is charged to tax. E.g., A.Y.2019-20 is a year, which commences on April 1, 2019 and ends on March 31, 2020. Income of an assessee earned in the previous year 2018-2019 is assessed in the A.Y. 2019-20.

Taxpoint:

- *Duration:* Period of 12 months starting from 1st April.
- *Relation with Previous Year:* It falls immediately after the Previous Year.
- *Purpose:* Income of a previous year is assessed and taxable in the immediately following Assessment Year.

Income – section 2 (24)

Income tax is charged on total income of an assessee. Therefore it is highly necessary to understand the term clearly. Broadly speaking income means money or money's worth received from

any definite source with certain amount of regularity. It is a periodical receipt from one's business, land, work, investment etc. in other words it is periodical return received on regular basis. Income includes value of benefits and perquisites. Income denotes periodical monetary return with some sort of regularity from definite source. The act does not define income. It simply lists some of the items that can be included in the income. Thus;

Income includes:

1. Profits and gains
2. Dividend
3. Voluntary Contributions received by a trust. Voluntary contributions received by a trust are included in the definition of income. As such contributions received by following types of trusts, funds, associations, bodies etc. are included in the income of such bodies.
 - i. Contributions received by a trust created wholly or partly for charitable or religious purposes.
 - ii. Contributions received by a scientific research association.
 - iii. Contributions received by a fund or institution set up for charitable purposes and notified u/s 10(23c)(iv)(v).
 - iv. Contribution received by any university or other educational institution, hospital referred in section 10(23c).
4. The value of any perquisite or profit in lieu of salary taxable under section 17(2)(3)
5. Any special allowance or benefit, other than perquisite included under sub-clause (iii), specifically granted to the assessee to meet expenses wholly, necessarily and exclusively for the performance of the duties of an office or employment of profit
6. Any allowance granted to the assessee either to meet his personal expenses at the place where the duties of his office or employment of profit are ordinarily performed by him or at a place where he ordinarily resides or to compensate him for the increased cost of living
7. Value of any benefit or amenity, whether convertible into money or not, obtained by a representative assessee or by any person on whose behalf such benefit is received by representative assessee and sum paid by representative assessee in respect of any obligation which but for such payment would have been payable by the person on whose behalf representative assessee has made such payments
 - A. The profits and gains of any business of banking (including providing credit facilities) carried on by a co-operative society with its members;

The value of any benefits or perquisites, whether convertible into money or not, obtained from a company either by a director or by a person, who has a substantial interest in the company, or by a relative of a director of such person, and any sum paid by such company in respect of any

obligation but for which, such payment would have been payable by the director or other person aforesaid.

Any sum chargeable to income-tax under section 28(u) and (iii) or section 41 or section 59;

Any sum chargeable to tax u/s 28 (iiia)

Any sum chargeable to tax u/s 28(iiib)

Any sum chargeable to tax u/s 28 (iiic) , -

The value of any benefit or perquisite taxable under section 28 (iv)

Any capital gain taxable under section 45

Any sum whether received or receivable in cash or in kind under an agreement for—not carrying out any activity in relation to any business ; or not sharing any know-how, patent, copyright, trade-mark, license, franchise or any other business or commercial right of similar nature or information or technique likely to assist in the manufacture or processing of goods or provision of services

The profit and gains of any business of insurance carried on by a mutual insurance company or by a co-operative society, computed in accordance with section 44 or any surplus taken to be such profits and gains by virtue of provisions contained in the first schedule

Any winnings from lotteries, crossword puzzles, races including horse races, card games and other games of any sort or from gambling or betting of any form or nature whatsoever

Any sum received by the assessee as his employers' contributions to any provident fund or superannuation fund or any fund set up under the provisions of the Employee's State Insurance Act, 1948 or any other fund for the welfare of' such employees

Any sum received under a key man insurance policy including the sum allocated by way of bonus on such policy

Any sum received by an individual or HUF from any person during 2013-14 in cash or by issue of cheque or draft or by any other mode or by way of credit otherwise than by way of consideration for goods or services but does not include

An aggregate amount of gift or gifts received (whether in cash or in the form of property) exceeding Rs. 50,000 in a previous year by an individual or Hindu undivided family from non-relatives shall be treated as income which will be taxable in the hands of the recipient. (For details, please refer to chapter on Other Sources)

Gifts received by a firm or closely held company as provided in Section 56(2)(viiia).

Any consideration for issue of shares by a closely held company as exceeds the fair market value of shares as provided in Section 56(2)(viib) [w.e.f. Assessment year 2013-14].

0. The definition of term 'Income' as given above does not explain what income is ? It only tells that the above mentioned receipts are also included in the meaning of term income. The definition given u/s 2(24) is inclusive and not exhaustive. According to

English dictionary, the term income means “periodical receipts from one ‘s business, land, work, investments etc.”

1. The term income simply means something which comes in. It is a periodical return with regularity or expected regularity. It’s nowhere mentioned that income refers to only monetary return. It includes value of benefits and perquisites. Any thing which can reasonably and properly be described as income is taxable under this Act unless specifically exempted under the various provisions of this Act.
2. The term income includes not only what is received by using the property but also the amount saved by using it himself. Any thing which is convertible into income can be regarded as source of accrual of income.

PERSON [SEC. 2 (31)]

The term person includes the following:

- (i) an Individual;
- (ii) a Hindu Undivided Family (HUF);
- (iii) a Company;
- (iv) a Firm;
- (v) an Association of Persons (AOP) or a Body of Individuals (BOI), whether incorporated or not;
- (vi) a Local authority; &
- (vii) every artificial juridical person not falling within any of the preceding categories.

PREVIOUS YEAR [SEC.3]

Previous Year means the financial year immediately preceding the Assessment Year. Income earned in a year is assessed in the next year. The year in which income is earned is known as Previous Year and the next year in which income is assessed is known as Assessment Year. It is mandatory for all assessee to follow financial year (from 1st April to 31st March) as previous year for Income-Tax purpose.

Financial Year

According to sec. 2(21) of the General Clauses Act, 1897, a Financial Year means the year commencing on the 1st day of April. Hence, it is a period of 12 months starting from 1st April and ending on 31st March of the next year. It plays a dual role i.e. Assessment Year as well as Previous Year.

Example: Financial year 2018-19 is -

- Assessment year for the Previous Year 2017-18; and
- Previous Year for the Assessment Year 2019-20.

Gross Total Income Sec: 80b (5)

As per section 14, the income of a person is computed under the following five heads:

1. Salaries.
2. Income from house property.
3. Profits and gains of business or profession.
4. Capital gains.
5. Income from other sources.

If the income is not derived from any of the above sources, it is not taxable under the act.

The aggregate income under these heads is termed as “gross total income”.

Total Income Sec : 2(45)

Total income means the amount left after making the deductions under section 80C to 80U from the gross total income.

Casual Income

Any receipt which is of a casual and non-recurring nature is called casual income. Casual income includes the following receipts:

1. Winning from lotteries,
2. Winning from crossword puzzles,
3. Winning from races (including horse races),
4. Winning from card games and other games of any sort
5. Winning from gambling or betting of any form or nature.

RESIDENTIAL STATUS

Residential status of an assessee determines the scope of chargeability of his income. Whether a person will be charged to a particular income or not, depends on his residential status.

Sec. 6 provides the test for residential status for the persons which can be categorized as under:

DETERMINATION OF RESIDENTIAL STATUS

INDIVIDUAL [SEC. 6(1)]

First of all, an individual is classified as resident or non-resident and again a resident individual may further be categorized as Ordinarily Resident or Not Ordinarily Resident in India.

Resident in India

An individual is said to be a resident in India, if he satisfies any one of the following conditions -

- i) He is in India in the previous year for a period of 182 days or more [Sec. 6(1)(a)]; or
- ii) He is in India for a period of 60 days or more during the previous year and for 365 or more days during 4 previous years immediately preceding the relevant previous year [Sec. 6(1)(c)]

Tax point: Given Conditions are alternative in nature i.e. assessee needs to satisfy any one condition.

Non-Resident in India

An assessee who is not satisfying sec. 6(1) shall be treated as a non-resident in India for the relevant previous year.

ILLUSTRATION

Sam came to India first time during the P.Y. 2018-19. During the previous year, he stayed in India for (i) 50 days; (ii) 183 days; & (iii) 153 days. Determine his residential status for the A.Y. 2019-20.

Solution

- (i) Since Sam resides in India only for 50 days during the P.Y. 2018-19, he does not satisfy any of the conditions specified in sec. 6(1). He is, therefore, a non-resident in India for the P.Y. 2018-19.
- (ii) Since Sam resides in India for 183 days during the previous year 2018-19, he satisfies one of the conditions specified in sec. 6(1). He is, therefore, a resident in India for the P.Y. 2018-19.
- (iii) Sam resides in India only for 153 days during the previous year 2018-19. Though he resided for more than 60 days during the previous year but in 4 years immediately preceding the previous year (as he came India first time), he did not reside in India. Hence, he does not satisfy any of the conditions specified in sec. 6(1). Thus, he is a non-resident for the P.Y. 2018-19.

ILLUSTRATION

Andy, a British national, comes to India for the first time during 2014-15. During the financial years 2014-15, 2015-16, 2016-17, 2017-18 and 2018-19, he was in India for 55 days, 60 days, 80 days, 160 days and 70 days respectively. Determine his residential status for the assessment year 2019-20.

Solution

During the previous year 2018-19, Andy was in India for 70 days & during 4 years immediately preceding the previous year, he was in India for 355 days as shown below:

Year	2014-15	2015-16	2016-17	2017-18	Total
No of days stayed in india	55	60	80	160	355

ILLUSTRATION

Miss Pal, an Indian citizen, left India for first time on 1st April, 2018 for joining job in Tokyo. She came to India on 11th October, 2018 for only 190 days. Determine her residential status for P.Y. 2018-19.

Solution

Number of days Miss Pal stayed in India can be calculated as under:

P.Y.	Apr	May	June	July	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Total
18-19	1	-	-	-	-	-	21	30	31	31	28	31	173
19-20	18	-	-	-	-	-	-	-	-	-	-	-	18

Since she left India for employment purpose, hence for becoming resident she has to stay in India for at least 182 days. However, she is in India for only 173 days during the previous year, thus she is a non-resident for the P.Y. 2018-19.

Resident and ordinarily resident

If a resident individual satisfies the following two additional conditions, he will be treated as resident & ordinarily resident in India -

- a) He has been resident in India [as per sec. 6(1)] in at least 2 out of 10 previous years immediately preceding the relevant previous year and
- b) He has resided in India for a period of 730 days or more during 7 previous years immediately preceding the relevant previous year.

Tax point: To be a Resident & Ordinarily resident in India, one has to satisfy at least one condition of sec. 6(1) & both the additional conditions of sec. 6(6).

Resident but not ordinarily resident

If a resident individual does not satisfy both additional conditions as given u/s 6(6), he is “Resident but not ordinarily resident in India”.

ILLUSTRATION

Mr. X, aged 19 years, left India for first time on May 31, 2018. Determine his residential status for the previous year 2018-19 if:

- i) He left India for employment purpose ii) He left India on world tour.

Solution

During the previous year 2018-19, Mr. X was in India for 61 days as shown below –

P.Y.	Apr	May	June	July	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Total
18-19	30	31	-	-	-	-	-	-	-	-	-	-	61

ILLUSTRATION

X came India for first time on July 24, 2014. From July 24, 2014 to December 25, 2015 he was in India. Again, he came to India on August 5, 2018 for employment purpose & left India on November 25, 2018 permanently. Determine his residential status for the previous year 2018-19 assuming -

a) He is a foreign citizen

b) He is an Indian citizen

Solution

During the previous year 2018-19, X was in India for 113 days as shown below:

Year	Apr	May	June	July	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Total
18-19	-	-	-	-	27	30	31	25	-	-	-	-	113

Further, he was in India for more than 365 days during 4 years immediately preceding the previous year as shown below

Year	Apr	May	June	July	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Total
14-15	-	-	-	8	31	30	31	30	31	31	28	31	251
15-16	30	31	30	31	31	30	31	30	25	-	-	-	269
16-17	-	-	-	-	-	-	-	-	-	-	-	-	-
17-18	-	-	-	-	-	-	-	-	-	-	-	-	-

As he satisfies condition given in sec. 6(1)(c), he is a resident in India.

Further, he was resident during 2 out of 10 years immediately preceding the relevant previous year but he was in India only for 520 days in 7 years immediately preceding the relevant previous year. As he is not satisfying dual conditions of sec. 6(6), he is a resident but not ordinarily resident in India for the previous year 2018-19.

Note: His status shall remain same in both the cases as -

- a) Foreign citizens are not covered by 'exceptions to sec. 6(1)(c)'.
- b) Coming in India for employment purpose is not covered by 'exceptions to sec. 6(1)(c)'.

ILLUSTRATION

X, a foreign citizen, resides in India during the previous year 2018-19 for 83 days. Determine his residential status for previous year 2018-19 assuming his stay in India during the last few previous years are as follows –

Year	Days	Year	Days	Year	Days	Year	Days
2003-04	220 days	2007-08	36 days	2011-12	137 days	2015-16	175 days
2004-05	15 days	2008-09	115 days	2012-13	265 days	2016-17	15 days
2005-06	257 days	2009-10	123 days	2013-14	310 days	2017-18	67 days
2006-07	110 days	2010-11	65 days	2014-15	121 days		

Solution

During previous year 2018-19, X was in India for 83 days & during 4 years immediately preceding the previous year, he was in India for 378 days as shown below:

Year	2014-15	2015-16	2016-17	2017-18	Total
No. of days stayed in India	121	175	15	67	378

Thus, he satisfies one of the conditions specified u/s 6(1) & consequently, he becomes resident in India in the P.Y. 2018- 19. Further, to determine whether X is an ordinarily resident or not, he needs to satisfy both conditions laid down u/s 6(6).

Year	Presence in India (In Days)	Resident or Non resident	Condition satisfied to become a resident
2017-2018	67	Resident	6(1)(c)
2016-2017	15	Non Resident	None
2015-2016	175	Resident	6(1)(c)
2014-2015	121	Resident	6(1)(c)
2013-2014	310	Resident	Both
2012-2013	265	Resident	Both
2011-2012	137	Non Resident	None
2010-2011	65	Resident	6(1)(c)
2009-2010	123	Resident	6(1)(c)
2008-2009	115	Resident	6(1)(c)

Condition (i) of sec. 6(6) requires that an individual should be resident in India for at least 2 out of 10 years preceding the relevant previous year. X was resident in India for 8 out of 10 years immediately preceding the previous year. Thus, he satisfies this condition.

Condition (ii) of sec. 6(6) requires that an individual should be present in India for at least 730 days during 7 years preceding to relevant previous year. X was in India for 1090 days during 2011-12 to 2017-18. Hence, he satisfies this condition also.

X satisfies condition (ii) of sec. 6(1) as well as both the conditions of sec. 6(6). Thus, he is a resident and ordinarily resident in India for the previous year 2018-19.

HINDU UNDIVIDED FAMILY (HUF) [SEC. 6(2)]

An HUF can be either a resident or non-resident in India. Again, a resident HUF can further be classified as 'Ordinarily resident' and 'Not ordinarily resident'.

Resident HUF: When the control & management¹ of affairs of HUF is wholly or partly situated in India during the relevant previous year, then it is treated as resident in India.

¹ *Control & management* means -

- controlling & directive power;
- actual control & management (mere right to control & manage is not enough);
- central control & management and not the carrying out of day to day affairs.

The place of central control & management is situated where the head, the seat & the directing power is situated.

Non-resident HUF: An HUF is non-resident in India if the control & management¹ of its affairs is wholly situated outside India.

Ordinarily resident in India: If the '*karta*' or manager of a resident HUF satisfies both additional conditions given u/s 6(6), HUF is said to be an ordinarily resident. If the '*karta*' or manager of a resident HUF do not satisfies both additional conditions given u/s 6(6), HUF is said to be a not-ordinarily resident.

COMPANY [SEC. 6(3)]

Resident Company: An Indian company is always a resident in India.

A non-Indian company is said to be a resident in India, if its place of effective management, in that year, is in India.

“Place of effective management” means a place where key management and commercial decisions that are necessary for the conduct of the business of an entity as a whole, are in substance made.’

Non-Resident Company: If place of effective management, in that year, is not in India, the said company is non-resident in India for the relevant previous year.

Tax point: In case of company, there is no sub-division like ‘Ordinarily resident’ or ‘Not ordinarily resident’.

FIRM OR AN ASSOCIATION OF PERSONS (AOP) OR BODY OF INDIVIDUALS (BOI) [SEC. 6(4)]

Resident: A firm or an AOP or BOI is said to be a resident in India, if control & management of its affairs are wholly or partly situated in India during the relevant previous year.

Control & management is vested in hands of partners in case of firm and principal officer in case of an AOP/BOI.

Non-resident: If control & management of its affairs are situated wholly outside India, then it is a non-resident in India.

Tax point: In case of firm or BOI or AOP, there is no subdivision like ‘Ordinarily resident’ or ‘Not ordinarily resident’.

INCIDENCE OF TAX [SEC. 5]

The following chart highlights the provisions of tax incidence in brief:

Nature of Income	Tax incidence in case of		
	Resident & ordinarily resident	Resident but not ordinarily resident	Non resident
Income accrued or deemed to be accrued and received or deemed to be received in India	Taxable	Taxable	Taxable
Income accrued outside India but received or deemed to be received in India.	Taxable	Taxable	Taxable
Income accrued or deemed to be accrued in India but received outside India	Taxable	Taxable	Taxable
Income accrued and received outside India from a business controlled in or profession set-up in India.	Taxable	Taxable	Not taxable
Income accrued and received outside India from a business controlled or profession set-up outside India.	Taxable	Not taxable	Not taxable
Income accrued and received outside India in the previous year (it makes no difference if the same is later remitted to India).	Taxable	Not taxable	Not taxable
Income accrued and received outside India in any year preceding the previous year and later on remitted to India in current financial year.	Not taxable	Not taxable	Not taxable
Note: In case of resident assessee like company, firm etc. (Other than Individual and HUF) in which there is no classification as 'Resident but not ordinarily resident', income accrued and received outside India from a business controlled or profession setup outside India shall be taxable.

KINDS OF INCOME

1. Income received in india

Income received in India is taxable in all cases (whether accrued in India or elsewhere) irrespective of residential status of the assessee, therefore it is significant to know the meaning of income received in India. If the place, where the recipient gets the money (on first occasion) under his control, is in India, it is said to be income received in India.

2. INCOME DEEMED TO BE RECEIVED IN INDIA

Following incomes shall be deemed to be received in India and taxable in hands of all assessee irrespective of their residential status -

- a) The annual accretion in the previous year to the balance at the credit of an employee participating in a recognized provident fund, to the extent provided in Rule 6 of part A of the IV schedule i.e.-

- i) Employer's contribution to the recognized provident fund in excess of 12% of salary.
- ii) Interest credited on the above balance by a rate exceeding 9.5% [Sec. 7(i)]
- b) The transferred balance in recognized provident fund, to the extent liable to income tax [Sec. 7(ii)]
- c) The contribution made, by the employer in the previous year, to the account of an employee under a pension scheme notified u/s 80CCD [Sec. 7(iii)]
- d) Tax Deducted at source [Sec. 198]
- e) Deemed profit.
- f) Income from undisclosed sources

3. income which accrues or arises in india

Income is said to accrue or arise of an assessee only when he obtains a rights to receive it. Accrual simply means the amount earned. No amount can be said to accrue unless it is actually due.

4. Income deemed to accrue or arise in India [sec. 9]

Following incomes are deemed to accrue or arise in India:

Income from connection in India	Salary earned in India	Salary from Govt. by an Indian citizen for services rendered outside India	Income from dividend paid by an Indian company	Income from interest payable by specified person	Income from royalty	Income from technical services
Sec. 9(1)(i)	Sec. 9(1)(ii)	Sec. 9(1)(iii)	Sec. 9(1)(iv)	Sec. 9(1)(v)	Sec. 9(1)(vi)	Sec. 9(1)(vii)

Miss Monica, a foreign national, comes India every year for 90 days since 2003-04.

- a) Determine her residential status for the previous year 2018-19.
- b) Will your answer differ, if she comes India for 100 days instead of 90 days every year.

Solution

- a) Since Miss Monica stayed for 90 days during the previous year 2018-19 and for 360 days (90 days × 4 years) during the 4 years immediately preceding the previous year, hence, she is not satisfying any of the conditions of sec. 6(1). Thus, she is a non-resident for the previous year 2018-19.

b) Since Miss Monica stayed for 100 days during the previous year 2018-19 and for 400 days (100 days \times 4 years) during the 4 years immediately preceding the previous year, hence, she is satisfying sec. 6(1)(c). Thus, she is resident for the previous year 2018-19. Further, she resides for only 700 days (100 days \times 7 years) during the 7 years immediately preceding the previous year. Hence, she does not satisfy one of the conditions of sec. 6(6). Thus, she is resident but not ordinarily resident for the previous year 2018-19.

ILLUSTRATION

Mr. Sid, a British national, joined XYZ Co. Ltd. as an engineer in India on 1st May, 2008. On 31st December, 2009, he went to Sri Lanka on deputation. On 1st April, 2014, he came back to India and left for Sri Lanka again on 31st May, 2014. He returned to India and joined his original post on 1st July, 2018. Determine his residential status for the A.Y. 2019-20.

Solution

Number of days Mr. Sid stayed in India in past few years can be calculated as under:

SN	P.Y.	Apr	May	June	July	Aug	Sep	Oct	Nov	Dec	Jan	Feb	Mar	Total
0	18-19	-	-	-	31	31	30	31	30	31	31	28	31	274
1	17-18	-	-	-	-	-	-	-	-	-	-	-	-	0
2	16-17	-	-	-	-	-	-	-	-	-	-	-	-	0
3	15-16	-	-	-	-	-	-	-	-	-	-	-	-	0
4	14-15	30	31	-	-	-	-	-	-	-	-	-	-	61
5	13-14	-	-	-	-	-	-	-	-	-	-	-	-	0
6	12-13	-	-	-	-	-	-	-	-	-	-	-	-	0
7	11-12	-	-	-	-	-	-	-	-	-	-	-	-	0
8	10-11	-	-	-	-	-	-	-	-	-	-	-	-	0
9	09-10	30	31	30	31	31	30	31	30	31	-	-	-	275
10	08-09	-	31	30	31	31	30	31	30	31	31	28	31	335

On the basis of data drawn, residential status of Mr. Sid in last few years can be decided as under:

Year	Previous Year	Presence in India (In days)	Resident (R) or Non resident (NR)	Condition satisfied to become a resident
1	2017-2018	0	NR	None
2	2016-2017	0	NR	None
3	2015-2016	0	NR	None
4	2014-2015	61	NR	None
5	2013-2014	0	NR	None
6	2012-2013	0	NR	None
7	2011-2012	0 = 61	NR	None
8	2010-2011	0	NR	None
9	2009-2010	275	R	6(1)(a)
10	2008-2009	335	R	6(1)(a)

Since assessee resided in India for 274 days in the previous year 2018-19, hence he satisfies sec. 6(1)(a). Therefore, he is resident in India.

Further, since he is resident in India for 2 years out of 10 years preceding the previous year (as shown in above working), but resided in India for less than 730 days out of 7 immediately preceding years, hence he does not satisfy one of the conditions of sec. 6(6), therefore, he is resident but not ordinarily resident.

Conclusion: Resident but not ordinarily resident.

AGRICULTURE INCOME

The income tax does not define the term agriculture income. Instead it gives a list income that can be treated as agricultural income. Section 2(1A) of the Act defines agricultural income as follows :

1. Any rent or revenue derived from land that is situated in india and is used for agricultural purpose;
2. Any income derived from such land by-
 - a. Agriculture ; or
 - b. Any process ordinarily employed by a cultivator or receiver of rent-in-kind to make the produce fit to be taken to market or
 - c. The sale by a cultivator or receiver of rent in kind of the produce in respect of which no process has been performed other than a process of the nature described in the above paragraph.
3. Any income derived from farmhouse.

Criteria to determine agricultural income

1. Income received from land situated in India.
2. Land is used for agricultural purpose.
3. Land is situated in india

By virtue of sec. 2(1A), agricultural income means –

1. Any rent or revenue derived from a land, which is situated in India & is used for agricultural purposes\$;
2. Any income derived from such land by agriculture\$
3. Any income derived from such land by the performance by –
 - a) a cultivator;
 - b) receiver of rent in kind;- of any process ordinarily employed by a them to render the produce raised or received by him fit to be taken to market.
4. Any income derived from such land by the sale by
 - a) a cultivator of the produce raised by him; or
 - b) receiver of rent-in-kind of the produce received by him;

- in respect of which no process has been performed other than a process required to render it fit for the market.

5. Any income derived from a building subject to fulfillment of the following conditions -

- a) The building should be occupied by the cultivator or receiver of rent in kind.
- b) The building should be on or in the immediate vicinity of the land, being situated in India and used for agricultural purposes.
- c) The building should be used as dwelling house or store-house or other out building.
- d) The land is either situated in –
 - i) Rural area; or
 - ii) Urban area¹ and assessed to land revenue / local rates.

Partly agriculture income

Partly agricultural income consists of both the element of agriculture and business, so non agricultural part of the income is taxed. Some examples for partly agricultural income are given below:

1. Profit of business other than Tea

This rule applicable to agricultural produce like cotton, tobacco, and sugarcane etc, here the market value of the agricultural produce raised by the Assessee for utilizing it as raw material for his business will be deducted out of the total profit of such Assessee while calculating tax on his income.

2. Profit from Tea manufacturing

If a person using his own tealeaves grown by him for his tea manufacturing business, then 60% of his income will be treated as agricultural income and the remaining 40 % will be treated as business income. So he has to pay tax on that remaining 40% of income.

3. Income from the manufacturing of centrifuged latex or cenex

If a person manufacturing centrifuged latex by using his own made raw then, 65 % of the income derived from the sale of the same is treated as agricultural income so he has to pay tax remaining part of the income.

4. Income from the coffee manufacturing

a) 75% of the income derived from the sale of coffee grown and cured by the seller in India is deemed to be agricultural income 25% is taken as business income.

b) 5% the income derived from the sale of coffee grown, cured, roasted and grounded by the seller in India is deemed to be agricultural income 40% is taken as business income.

Solution :**Computation of Taxable income for the A.Y.2013-14:**

Manufacture of rubber (35% is non-agricultural income) :	175,000
Manufacturing of Coffee (25% is non-agricultural income) :	87,500
Manufacturing of tea (40% is non-agricultural income) :	2,80,000
Taxable Income :	5,42,500

Assessment of agricultural income

Agricultural income is totally exempt from income tax. However, the agricultural income is integrated with non agricultural income in certain cases of assessee. The integration is done where assessee has both agricultural and non agricultural income. For the assessment of agricultural income both agricultural and non agricultural income of an assessee is determined as per the various rules prescribed by the income tax Act.

COMPUTATION OF AGRICULTURAL INCOME

Agricultural income of an assessee can be computed as per the rules given below.

1. Rent or revenue derived from agricultural land will be computed on the same basis as is adopted for the computation of income under the head **income from other sources**
2. Income derived from agricultural house property is computed as if it were income chargeable to income tax under the head **income from house property**
3. Income derived from agricultural operations is computed as if it were income chargeable to income tax under the head profit or gains from business or profession.
4. Loss incurred in agriculture will be allowed to be set off only against gains from agriculture.
5. Any sum payable to the government in the form of tax charged by the state government on agriculture will be allowed as a deduction.

Method of integration

1. Net agricultural income is integrated with non agricultural income.
2. Income tax is calculated on this integrated income at the rates prevailing each assessment year.

3. Then income tax will be calculated on the net agricultural income as increased by an amount of Rs. 250000 or 300000 or Rs. 500000 as the case may be.
4. Income tax calculated under 3 above is deducted from the income tax calculated 2 above

Casual Income

Any receipt which is of a casual and non-recurring nature is called casual income. Casual income.

includes the following receipts:

1. Winning from lotteries,
2. Winning from crossword puzzles,
3. Winning from races (including horse races),
4. Winning from card games and other games of any sort
5. Winning from gambling or betting of any form or nature.

Capital and revenue receipts and expenditure

Receipts which are non-recurring (not received again and again) by nature and whose benefit is enjoyed over a long period are called "Capital Receipts", e.g. money brought into the business by the owner (capital invested), loan from bank, sale proceeds of fixed assets etc. Capital receipt is shown on the liabilities side of the Balance Sheet. receipts which are recurring (received again and again) by nature and which are available for meeting all day to day expenses (revenue expenditure) of a business concern are known as "Revenue receipts", e.g. sale proceeds of goods, interest received, commission received, rent received, dividend received etc.

Distinction between Capital Receipt and Revenue Receipt:

No.	Revenue receipt	Capital receipt
1	It has short-term effect. The benefit is enjoyed within one accounting period.	It has long-term effect. The benefit is enjoyed for many years in future.
2	It occurs repeatedly. It is recurring and Regular in nature.	It does not occur again and again. It is Non recurring and irregular in nature.
3	It is shown in profit and loss account on the credit side.	It is shown in the Balance Sheet on the liability side.
4	It does not produce capital receipt.	Capital receipt, when invested, produces revenue receipt e.g. when capital is invested by the owner, business gets revenue receipt (i.e. sale proceeds of goods etc.).
5	This does not increase or decrease the value of asset or liability.	The capital receipt decreases the value of asset or increases the value of liability e.g. sale of a fixed asset, loan from bank etc.
6	Sometimes, expenses of capital nature are to be incurred for revenue receipt, e.g. purchase of shares of a company is capital expenditure but dividend received on shares is a revenue receipt.	Sometimes expenses of revenue nature are to be incurred for such receipt e.g. on obtaining loan (a capital receipt) interest is paid until its repayment.

Difference between Capital Expenditure and Revenue Expenditure:

No.	Revenue expenditure	Capital expenditure
1	Its effect is temporary, i.e. the benefit is received within the accounting year.	Its effect is long-term, i.e. it is not exhausted within the current accounting year-its benefit is received for a number of years in future.
2	Neither an asset is acquired nor is the value of an asset increased.	An asset is acquired or the value of an existing asset is increased.
3	It has no physical existence because it is incurred on items which are used by the business.	Generally it has physical existence except intangible assets.
4	It is recurring and regular and it occurs repeatedly.	It does not occur again and again. It is Non recurring and irregular.
5	This expenditure helps to maintain the business.	This expenditure improves the position of the business.
6	The whole amount of this expenditure is shown in trading P & L A/c or income statement.	A portion of this expenditure (depreciation on assets) is shown in trading & P & L A/c and the balance are shown in the balance sheet on asset side.
7	It does not appear in the balance sheet.	It appears in the balance sheet until its benefit is fully exhausted.
8	It reduces revenue (profit) of the business	It does not reduce the revenue of the concern.

MODULE II

INCOME FROM SALARIES

BASIC ELEMENTS OF SALARY

- Payer and payee must have employer and employee (or Master & Servant) relationship; and
- Payment must have been made by the employer in such capacity.

Employer-employee relationship

A payment can be construed as salary only if the payer is the employer and payee is the employee of the payer.

- **Criteria for employer-employee relationship:** The key criteria to hold this relationship is that, employee is always bound to work as per direction and supervision of the employer.
- **Payment in employer's capacity:** To treat any payment as salary it is necessary that payer, being the employer, must have made the payment in such (employer's) capacity.
- **Contract of service vs contract for service:** In "contract of service", the employer can direct and control the duties and the manner of performance of employee hence employer-employee relationship exists in such contract. However, in case of "contract for service" the contractee can simply decide and quote the object or target to be achieved but cannot decide or direct the manner of performance.
- **Agent and Principal:** If a person is acting as an agent for his principal, any commission or remuneration earned by the agent is not taxable under the head "Salaries". This is because, an agent is not the employee of his principal.
- **Salary received by a partner** from its firm shall not be taxable as salary, because there is no employer-employee relationship between the firm and the partner. Such salary shall be taxable under the head "Profits & gains of business or profession".
- **Salary received by proprietor from his proprietorship firm** is not an income. As proprietor and proprietorship firm are the same person and no one can earn from himself.
- **Remuneration to director** from his company can be treated as salary only if the director is employee of the company, otherwise the same shall be taxable under the head "Income from other sources".

Note: Directors' sitting fee is taxable under the head "Income from other sources".

- **Pension received by the widow** or legal heir of deceased employee is not taxable as salary as no employer-employee relationship exists between the payer and the payee. However such amount shall be taxable under the head “Income from other sources”.
- **Remuneration received by Judges** is taxable under the head “Salaries” even though they are not having any employer.

Concluding the above discussions, a payment received for services rendered, from a person other than employer, is not taxable under the head “Salaries” but may be taxed under the head “Profits & gains of business or profession” or “Income from other sources”.

ILLUSTRATION

State whether the following receipts should be treated as salary or not?

- A teacher receives emoluments in kind from school in which he teaches.

Yes, it is immaterial whether salary has been received in cash or in kind.

- A teacher of a college receives fees from a University for checking answer sheets.

No, as employer – employee relationship does not exist between payer and payee. (College-teacher is not the employee of the University). Such receipt shall be taxable under the head ‘Income from other sources’.

- A payment made to the Member of the Parliament or the State legislature.

No, as employer-employee relationship does not exist.

A member of the Parliament or the State legislature is not treated as employee of the Government.

Payment received by them shall be taxable under the head “Income from other sources”.

DEFINITION OF SALARY [SEC. 17(1)]

As per sec. 17(1) of the Income-tax Act, 1961, salary includes the following:

- Wages;
- Any annuity or pension;
- Any gratuity;
- Any fees, commission, perquisite or profits in lieu of or in addition to any salary or wages;
- Any advance of salary;
- Any payment received in respect of any period of leave not availed of by the assessee;
- The portion of the annual accretion in any previous year to the balance at the credit of an employee, participating in recognized provident fund, to the extent it is taxable;

- h) Transferred balance in a Recognized Provident Fund to the extent it is taxable.
- i) Contribution made by the employer in the previous year, to the account of an employee under a pension scheme referred to in sec. 80CCD [National Pension Scheme and Atal Pension Yojana].

BASIS OF CHARGE [SEC. 15]

Salary is chargeable to tax either on 'due' basis or on 'receipt' basis, whichever is earlier. Hence, taxable salary includes:

a) Advance salary (on 'receipt' basis): Salary paid in advance is taxable under the head 'Salaries' in the year of receipt.

Note: Such advance salary shall not be included again in the total income when the salary becomes due.

b) Outstanding salary (on 'due' basis): Salary falling due is taxable under the head 'Salaries' in the year in which it falls due.

Note: Such due salary shall not be included again in the total income when it is received.

c) Arrear salary: Any increment in salary with retrospective effect which have not been taxed in the past, such arrears will be taxed in the year in which it is allowed. Arrear salary are taxable on receipt basis.

Advance salary vs Advance against salary

'Advance salary' is taxable u/s 17(1)(e) whereas 'Advance against salary' is treated as loan hence, not taxable under the head "Salaries".

Place of accrual of salary

Salary which is received in India or earned in India shall be taxable in hands of all assessee whether resident or non resident in India. Salary is deemed to be earned in India provided -

- (a) The service is rendered in India;
- (b) The rest period or leave period, which is preceded and succeeded by the service rendered in India and forms part of the service contract of employment.

Principles of salary

1. Employee employer relationship
2. Salary from a former employer
3. Place of accrual of salary income
4. Foregoing salary

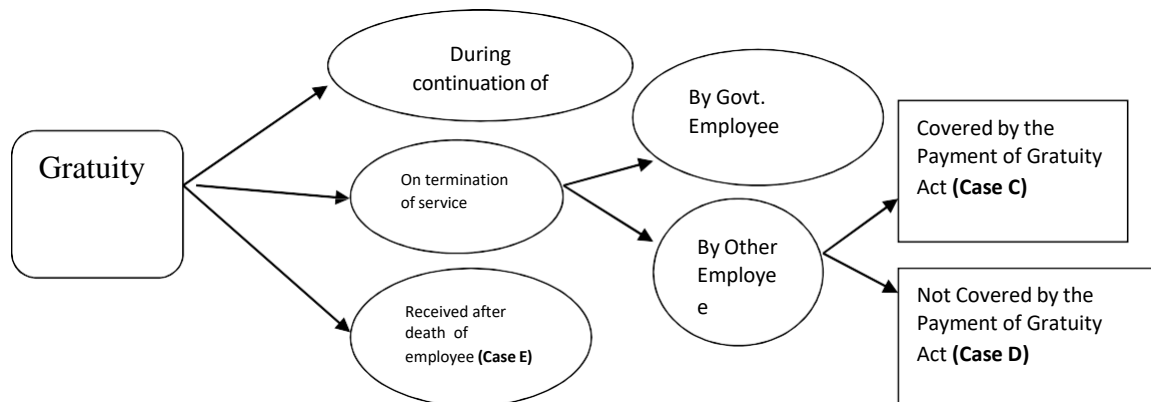

5. Tax free salary
6. Surrender of salary
7. Accrual basis
8. Payment made after termination

Scope of salary

1. Basic salary or wages
2. Advance pay
3. Arrears of salary
4. Dearness pay
5. Annuity
6. Pension

GRATUITY

Gratuity is a retirement benefit given by the employer to the employee in consideration of past services. Sec. 10(10) deals with the exemptions from gratuity income. Such exemption can be claimed by a salaried assessee. Gratuity received by an assessee other than employee shall not be eligible for exemption u/s 10(10). E.g. Gratuity received by an agent of LIC of India is not eligible for exemption u/s 10(10) as agents are not employees of LIC of India.

Case A: Gratuity received during continuation of service

Gratuity received during continuation of service is fully taxable in the hands of all employee (whether Government or non-Government employee).

Case B: Gratuity received at the time of termination of service by Government employee

Gratuity received at the time of termination of service by Government employee is fully exempt from tax u/s 10(10)(i).

Tax point: Government employee, here, includes employee of the Central or the State Government or local authority but does not include employee of statutory corporation.

Case C: Gratuity received at the time of termination of service by non-government (including foreign government) employee, covered by the Payment of Gratuity Act

In such case, minimum of the following shall be exempted from tax u/s 10(10)(ii):

1. Actual Gratuity received;
2. ` 20,00,000; or
3. 15 working days salary for every completed year of service

[Arithmetically, $15/26 \times \text{Completed year of service} \times \text{Salary p.m.}$]

Notes

- a) Completed year of service includes any fraction in excess of 6 months. (e.g. 7 years 9 months will be treated as 8 years; 7 years 5 months will be treated as 7 years and 7 years 6 months will be treated as 7 years).
- b) Salary here means Basic + DA, last drawn

Case D: Gratuity received at the time of termination of service by non-government employee (including foreign government employee) not covered under the Payment of Gratuity Act

Gratuity received at the time of termination of service by non-government employee being not covered under the Payment of Gratuity Act shall be exempted from tax u/s 10(10)(iii) to the extent of lower of the following:

1. Actual Gratuity received;
2. ` 10,00,000; and
3. $1/2 \times$ Completed year of service \times Average Salary p.m.

Notes

- a) While calculating completed year of service *ignore* any fraction of the year. (e.g. 7 years 9 months will be treated as 7 years only)
- b) Average Salary here means, Basic + DA# + Commission (being a fixed percentage on turnover) being last 10 months average salary, immediately preceding the month of retirement. (E.g. If an employee retires on 18/11/2018 then 10 months average salary shall be a period starting from Jan' 2018 and ending on Oct' 2018).

If DA is not forming a part of retirement benefit then the same shall not be included in salary for above purpose. However, DA itself shall be fully taxable.

Case E: Gratuity received after death of employee

The Act is silent on treatment of gratuity received after death of employee. However, on following grounds, it can be concluded that gratuity received by a legal heir shall not be taxable in the hands of the recipient -

- A lump sum payment made gratuitously to widow or legal heir of employee, who dies while in service, by way of compensation or otherwise is not taxable under the head “Salaries”. [Circular No.573, Dated 21.08.1990]
- Unutilized deposit under the capital gains deposit account scheme shall not be taxable in the hands of legal heir. [Circular No.743 dated 6/5/1996]
- Legal representative is not liable for payment of tax on income that has not accrued to the deceased till his death.
- Leave salary paid to the legal heir of deceased employee is not taxable as salary. [Circulars Letter No. F.35/1/65- IT(B), dated 5/11/1965]. Further, leave salary by a legal heir of the Government employee who died in harness is not taxable in the hands of the recipient [Circulars No.309, dated 3/7/1981].

LEAVE SALARY ENCASHMENT

As per service contract and discipline, normally, every employee is allowed certain period of leave (with pay) every year. Such leave may be availed during the year or accumulated by the employee. The accumulated leave lying to the credit of an employee may be availed subsequently or encashed. When an employee receives an amount for waiving leave lying to his credit, such amount is known as leave salary encashment.

Case A: Leave salary received during continuation of service

Leave salary during continuation of service is fully taxable in the case of the Government employee as well as other employees [Sec. 17(1)(va)].

Case B: Leave salary received by Government employee on termination of service

At the time of termination of service, leave salary received by the Central or State Government employee is fully exempted u/s 10(10AA)(i).

Tax point: Government employee here does not include employee of local authority or public sector undertaking or foreign Government employee.

Case C: Leave salary received by non-Government employee on termination of service

At the time of termination of service, leave salary received by a non-Government employee (including employee of foreign Government, local authority, public sector undertaking) is exempted to the minimum of the following u/s 10(10AA)(ii):

- a) Actual amount received as leave salary
- b) ` 3,00,000/-
- c) $10 \times$ Average salary p.m.
- d) To the maximum of 30 days (normally taken as 1 month) average salary¹ for every completed year of service², subject to deduction for actual leave availed during the tenure of service.

Academically: $[(1 \times \text{completed year of service}) - \text{leave actually taken in terms of month}] \times \text{average salary p.m.}]$

¹ Average salary means Basic + DA* + Commission (as a fixed percentage on turnover) being last 10 months average salary ending on the date of retirement or superannuation. (e.g. if an employee retires on 18/11/2018 then 10 months average salary shall be a period starting from 19th Jan' 2018 and ending on 18th Nov' 2018).

*If DA is not forming a part of retirement benefit then the same shall not be included in salary for the above purpose. However, DA itself shall be fully taxable.

2. While calculating completed year of service, ignore any fraction of the year. E.g. 10 years 9 months shall be taken as 10 years.

ILLUSTRATION

- a) Mr. Bhanu is working in Zebra Ltd. since last 25 years 9 months. Company allows 2 months leave for every completed year of service to its employees. During the job, he had availed 20 months leave. At the time of retirement on 10/8/2018, he got ` 1,50,000 as leave encashment. As on that date, his basic salary was ` 5,000 p.m., D.A. was ` 2,000 p.m., Commission was 5% on turnover + ` 2,000 p.m. (Fixed p.m.). Turnover effected by the assessee during last 12 months (evenly) ` 5,00,000. Bhanu got an increment of ` 1,000 p.m. from 1/1/2018 in basic and ` 500 p.m. in D.A. Compute his taxable leave encashment salary.
- b) How shall your answer differ if the assessee had taken 2 months leave instead of 20 months, during his continuation of job.

Mr. Das retired on 31/3/2019. At the time of retirement, 18 months leave was lying to the credit of his account. He received leave encashment equivalent to 18 months Basic salary ` 1,26,000. His employer allows him 1½ months leave for every completed year of service. During his tenure, he

availed of 12 months leave. At the time of retirement, he also gets D.A. ₹ 3,000. His last increment of ₹ 1,000 in basic was on 1/4/2018. Find taxable leave encashment.

Solution

Working

1. Calculation of completed year of service: Employee has received 18 months leave encashment on termination of service as well he had enjoyed leave of 12 months during his tenure. That means he had received a leave benefit of 30 months. Since leave allowed by employer is 1½ months for every completed year of service, this signifies that Mr. Das had completed 20 years (being 30/1½) of service.

2. Salary here means, Basic + DA + Commission, being last 10 months average from the date of retirement. There is no increment in last 10 months (last increment was on 1/4/2018) and there is no commission, hence Av. Salary = ₹ 7,000 (i.e. ₹ 1,26,000/18) + ₹ 3,000 = ₹ 10,000 p.m.

RETRENCHMENT COMPENSATION

Retrenchment means cancellation of contract of service by employer.

Tax Treatment [Sec. 10(10B)]: Any compensation received by a worker at the time of retrenchment is exempted to the extent of minimum of the following:

- a) Actual amount received;
- b) ` 5,00,000; or
- c) An amount calculated in accordance with the provisions of sec. 25F(b) of Industrial Dispute Act, 1947 (Under the said Act a workman is entitled to retrenchment compensation equivalent to 15 days' average pay, for every completed year of service or any part thereof in excess of 6 months).

COMPENSATION RECEIVED AT THE TIME OF VOLUNTARY RETIREMENT [SEC. 10(10C)]

If an employee accepts retirement willingly in lieu of compensation then such retirement is known as Voluntary Retirement. Voluntary retirement compensation *received or receivable* by an employee is eligible for exemption subject to the following conditions -

Conditions for exemption

1. Compensation is received from specified employer#
2. Compensation is received as per Voluntary Retirement Scheme (VRS) framed in accordance with prescribed guidelines*

Amount of exemption

Exemption shall be minimum of the following -

- a) Actual amount received as per guidelines; or
- b) ` 5,00,000.

***Guidelines [Rule 2BA]**

1. Scheme (VRS) must be applicable to all employees (other than director) who have either completed age of 40 years or has completed 10 years of service. (This condition is, however, not applicable in the case of an employee of a public sector company)
2. Such scheme must be framed to reduce the number of employees.
3. The vacancy caused by VRS is not to be filled up.
4. The retiring employee is not to be employed in another company or concern belonging to the same management.
5. The amount of compensation does not exceed
 - the amount equivalent to 3 months salary for each completed year of service; or
 - salary at the time of retirement multiplied by the balance month of service left.

House rent allowance (HRA) [Sec. 10(13A) and rule 2A]

An allowance to meet the expenses in connection with the rent of the house, by whatever name called.

Tax Treatment: Minimum of the following is exempted from tax:

- a. Actual HRA received.
 - b. An amount equal to 50% of salary¹ (when house is situated in a metro city) or 40% of salary¹ (when house is situated in any other place) for the relevant period
 - c. The excess of rent paid over 10% of salary¹. [Arithmetically, (Rent Paid – 10% of Salary)]
- ¹Salary here means: Basic + D.A. (if it forms a part of retirement benefit) + Commission as a fixed % on turnover.

Notes

- a) Salary shall be determined on due basis for the period for which the employee occupies rented accommodation in the previous year and gets HRA.
- b) Exemption is not available if employee lives in his own house, or in a house for which he does not pay any rent.
- c) For criteria of 50% or 40% of salary as deduction, place of employment is not significant but place where the house is situated is important.
- d) Deduction from HRA depends on Salary of the employee, Amount of HRA, place of residence (not place of employment), rent paid by the employee.

ILLUSTRATION

X, a resident of Ajmer, receives ₹ 48,000 as basic salary during the previous year 2018-19. In addition, he gets ₹ 4,800 as dearness allowance forming part of basic salary, 7% commission on sales made by him (sale made by X during the relevant previous year is ₹ 86,000) and ₹ 6,000 as house rent allowance. He, however, pays ₹ 5,800 as house rent. Determine the quantum of exempted house rent allowance.

It is fully exempt from tax.

Allowance to judges of the High Court or the Supreme Court

Any allowance paid to Judges of the High Court u/s 22A(2) and sumptuary allowance u/s 22C of the “High Court Judges (Conditions of Service) Act, 1954” is not taxable. Allowance to the Supreme Court Judges u/s 23B of the “Supreme Court Judges (Conditions of Service) Act, 1958” is also exempt.

Salary to teacher or professor from SAARC Member States [DTAA]

Salary including allowances and perquisites of a teacher or professor or research scholars from SAARC Member States shall not be taxable if following conditions are satisfied:

1. Such professor, teacher or research scholar is a resident of other SAARC member State (i.e., Bangladesh, Bhutan, India, Maldives, Nepal, Pakistan & Sri Lanka) prior to visiting another member State.

Tax point: An individual is deemed to be a resident of a member State if he/she is resident in that member State in the fiscal year in which he visits the other member State or in the immediately preceding fiscal year.

2. Such visit is for the purposes of teaching or engaging in research or both at a university or college or similar approved institution in that other Member State.

3. The remuneration from aforesaid activities in other Member State is exempt for a period of 2 years from the date of arrival in the other member State.

Allowance or Perquisite to member of Union Public Service Commission [Sec. 10(45)]

Any allowance or perquisite, as may be notified by the Central Government in the Official Gazette in this behalf, paid to the Chairman or a retired Chairman or any other member or retired member of the Union Public Service Commission is exempt.

PERQUISITE [SEC. 17(2)]

Meaning and Chargeability

In common parlance, perquisite means, any casual emoluments or benefits attached to an office or position, in addition to salary or wages, which is availed by an employee. In other words, perquisites are the benefits in addition to normal salary.

As per sec. 17(2) of the Income tax Act, *Perquisite* includes -

- i. Value of rent-free accommodation provided by the employer.
- ii. Value of concession in rent in respect of accommodation provided to the assessee by his employer.
- iii. The value of any benefit or amenity granted or provided free of cost or at concessional rate to 'specified employees'.
- iv. Amount paid by an employer in respect of any obligation which otherwise would have been payable by the employee.

Tax point: Any obligation of the employee met by employer shall be taxable on cash basis i.e. in the year in which amount is paid by the employer.

Example: Employer paid employees' professional tax liability pertaining to period 2017-18 in April 2018, such perquisite shall be taxable in the previous year 2018-19.

- v. Sum payable by an employer, whether directly or through a fund other than recognised provident fund or approved superannuation fund or deposit-linked insurance fund, to effect an assurance on the life of the assessee or to effect a contract for an annuity.

Tax point: Such sum shall be taxable on accrual basis.

- vi. The value of any specified security or sweat equity shares allotted or transferred, directly or indirectly, by the employer, or former employer, free of cost or at concessional rate to the assessee.

- vii. Any contribution in excess of ₹ 1,50,000 to an approved superannuation fund by the employer in respect of the assessee.

- viii. the value of any other fringe benefit or amenity as may be prescribed.

Notes:

- a) Perquisites are taxable under the head “Salaries” only if, they are:
- Allowed by an employer to his employee or *any member of his household*.
 - Resulting in the nature of personal advantage to the employee.
 - Derived by virtue of employee’s authority.
- b) Perquisite may be contractual or voluntary. In other words, it is not necessary that the benefit must have been received under an enforceable right.
- c) Perquisite may be received from the former, present or prospective employer
- d) Member of household includes:
- Spouse (whether dependent or not)
 - Parents (whether dependent or not);
 - Servants; and
 - Children and their spouse (whether dependent or not);
 - Dependents.

§ Specified employees [Sec. 17(2)(iii)]

Specified employee means:

1. A director employee.

Note: It is immaterial -

- a) whether he is a nominee of the workers, financial institutions, etc. on the board;
- b) whether the employee is full time director or a part time; and
- c) whether he was a director throughout the previous year or not.

Tax point:

- A director-employee shall be treated as specified employee of that company only.

Example: If Manu is working with X Ltd. as director-employee and with Y Ltd. as employee only, she will be treated as specified employee only for X Ltd. and not for Y Ltd.

- Director even for a day is construed as specified employee of such company.

2. An employee who has substantial interest in the employer company.

Substantial interest means the employee who beneficially holds 20% or more voting power in the employer company.

Tax point:

- Such employee shall be treated as specified employee of that company only.
- The main criteria is beneficial ownership and not the legal ownership.
- Substantial interest must be held by the assessee individually, and not together with relative.

Example: Mr. Mohan holds 18% equity share of X Ltd. and his wife holds 7% equity share of the same company. In such case Mr. Mohan will not be treated as specified employee.

3. An employee whose aggregate salary from all employers together exceeds ` 50,000 p.a.

For computing the sum of ` 50,000, following are to be excluded/deducted:

- a) All non-monetary benefits;
- b) Non-taxable monetary benefits;
- c) *Deduction u/s 16(ia), 16(ii) and 16(iii) [Discussed later in this chapter]; and
- d) Employer's contribution to Provident Fund.

Tax point:

- Where salary is received from two or more employers, the aggregate salary from all employers shall be considered for calculation of above ceiling. And if aggregate salary exceeds ` 50,000 p.a. the employee shall be treated as specified employee of all employers.

Example: Mr. Rohan is working with X & Co. and Y Ltd. His taxable monetary salary from X & Co. is ` 36,000 p.a.

and from Y Ltd. is ` 45,000 p.a. Since the aggregate salary is more than ` 50,000 p.a. Mr. Rohan will be treated as specified employee for both the employer i.e. X & Co. and Y Ltd.

- Even 'DA not forming a part of salary for retirement benefit' shall be included in salary, while determining the above limit of ` 50,000 p.a.

Exempted Perquisites

Following perquisites are exempted in hands of employee:

- 1. Tea or snacks:** Tea, similar non-alcoholic beverages and snacks provided during working hours.
- 2. Food:** Food provided by employer in working place.
- 3. Recreational facilities:** Recreational facilities extended to a group of employees.
- 4. Goods sold to employee at concessional rate:** Goods manufactured by employer and sold by him to his employees at concessional (not free) rates.
- 5. Conveyance facility:** Conveyance facility provided -
 - to employees for journey between office and residence and vice versa.

- to the judges of High Court and Supreme Court

6. Training: Amount spent on training of employees including boarding & lodging expenses for such training.

7. Services rendered outside India: Any perquisite allowed outside India by the Government to a citizen of India for rendering services outside India.

8. Contribution in some specified schemes

- Employer's contribution to a pension or deferred annuity scheme.
- Employer's contribution to staff group insurance scheme.
- Annual premium paid by the employer on personal accident policy affected by him in respect of his employee.

9. *Loans

- Loan given at nil or at concessional rate of interest by the employer provided the aggregate amount of loan does not exceed ` 20,000.
- Interest free loan for medical treatment of the diseases specified in Rule 3A.

10. *Medical facility: A provision of medical facility at office is exempt.

Note: However, medical allowance is fully taxable.

11. Periodicals and journals: Periodicals and journals required for discharge of work.

12. Telephone, mobile phones: Expenses for telephone, mobile phones actually incurred on behalf of employee by the employer whether by way of direct payment or reimbursement.

13. *Free education facility: Free education facility to the children of employee in an institution owned or maintained by the employer provided cost of such facility does not exceed ` 1,000 p.m. per child.

Note: Such facility is not restricted to two children as in case of Children Education allowance.

14. Computer or Laptop: Computer or Laptop provided whether to use at office or at home (provided ownership is not transferred to the employee).

15. *Movable assets: Sale or gift of any movable asset (other than car and electronic items) to employee after being used by the employer for 10 or more years.

16. *Leave Travel Concession: Leave Travel Concession (LTC) subject to few conditions.

17. Rent-free accommodation

- Rent-free official residence provided to a Judge of a High Court or the Supreme Court.
- Rent-free furnished residence (including maintenance thereof) to Official of Parliament, a Union Minister or a Leader of opposition in Parliament.

18. *Accommodation: Accommodation provided -

- on transfer of an employee in a hotel for a period not exceeding 15 days in aggregate.
- in a remote area to an employee working at a mining site or an onshore exploration site or a project execution site or a dam site or a power generation site or an offshore site.

19. Tax on non-monetary perquisite paid by employer on behalf of employee. With effect from A.Y. 2003-04 a new sec. 10(10CC) has been inserted which provides that income tax paid by employer on behalf of employee on income, being non-monetary perquisite, is not a taxable perquisite.

20. Health club, Sports club facility

LEAVE TRAVEL CONCESSION [SEC. 10(5)]

If an employee goes on travel (on leave) with his family and traveling cost is reimbursed by the employer, then such reimbursement is fully exempted.

Notes

- 1) Journey may be performed during service or after retirement.
- 2) Employer may be present or former.
- 3) Journey must be performed to any place within India.
- 4) In case, journey was performed to various places together, then exemption is limited to the extent of cost of journey from the *place of origin to the farthest point* reached, by the *shortest route*.
- 5) Employee may or may not be a citizen of India.
- 6) Stay cost is not exempt.

Exemption: Exemption is limited to the amount actually incurred on the travel to the extent as under:

Journey performed	Maximum exempted fare
By Air	Air economic class fare of shortest route
When the place of origin and destination is connected by rail but journey is performed by any other mode of transport	Same as above
When the place of origin and destination is not connected by rail:	
Where a recognized public transport system exists	First class or deluxe class fare, as the case may be, on such transport.
Where no recognized public transport system exists	Amount equivalent to air-conditioned 1st class rail fare, for the distance of the journey by the shortest route, as if journey had been performed by rail.

Notes

- a) No exemption can be claimed without performing journey and incurring expenses thereon.
- b) **Block-period:** Exemption is available in respect of 2 journeys performed in a block of 4 **calendar** years commencing from 1st January 1986.

Academically, for the A.Y. 2019-20, the relevant block is Jan 2018 to Dec. 2021.

- c) **Carry-forward facility:** Where concession is not availed during the preceding block (whether on one occasion or both), then any one journey performed in the *first calendar year of the immediately succeeding block* will be additionally exempted (i.e. not counted in two journey limit)

- d) **Family:** Family here means -

- Spouse and children of the individual; and
- Parents, brothers and sisters of the individual, who are wholly or mainly dependent on him.

- e) **Restriction on number of children:** Exemption can be claimed for any number of children born on or before 30/9/1998. In addition, exemption is available only for 2 surviving children born on or after 1/10/1998.

However, children born out of multiple birth, after the first child, will be treated as one child only.

- f) **Fixed Leave travel allowance:** Fixed amount paid to employees by way of leave travel allowance shall not be exempt.

- g) The exemption u/s 10(5) is for travel cost and does not include stay cost or other cost.

Valuation of Rent-free unfurnished accommodation (RFA) [Rule 3(1)]

Rent-free accommodation is taxable in the hands of all employees (except the Judges of High Court or Supreme Court and Official of the Parliament or Union Minister and a leader of Opposition).

Accommodation here includes fixed as well as floating structure.

Fixed Structure	A house, flat, farmhouse (or a part thereof), accommodation in hotel, motel, service apartment, a guest house etc.
Floating Structure	A caravan, mobile home, ship etc.

For the purpose of valuation, employees are divided into three categories:

- a. Employees of the Central or State Government or of any undertaking under the control of the Government;

- b. Accommodation provided by Government to an employee serving on deputation
- c. Other employees

I) Central and State Government Employee (including military person)

Where the accommodation is provided by the Central Government or any State Government to the employees either holding office or post in connection with the affairs of the Union or of such State, the value of perquisite in respect of such accommodation is equal to the license fee, which would have been determined by the Central or State Government in accordance with the rules framed by the Government.

II) Accommodation provided by Government to an employee serving on deputation

Where the accommodation is provided by the Central Government or any State Government to an employee who is serving on deputation with anybody or undertaking under the control of such Government, then the value of perquisite of such an accommodation shall be:

City in which accommodation is provided	Value of perquisite
Having population exceeding 25 lacks as per 2001 census	15% of salary for the period during which the employee occupied the said accommodation.
Having population exceeding 10 lacks but not exceeding 25 lacks as per 2001 census	10% of salary for the period during which the employee occupied the said accommodation.
Any other city	7.5% of salary for the period during which the employee occupied the said accommodation.

III) Other Employees (residual category)

The value of perquisite is determined as per the following table:

City in which accommodation is provided	Accommodation is owned by the employer	Accommodation is not owned by the employer
Having population exceeding 25 lacks as per 2001 census	15% of salary for the period during which the employee occupied the said accommodation.	Rent paid or payable by the employer or 15% of salary, whichever is lower.
Having population exceeding 10 lacks but not exceeding 25 lacks as per 2001 census	10% of salary for the period during which the employee occupied the said accommodation.	
Any other city	7.5% of salary for the period during which the employee occupied the said accommodation.

PROVIDENT FUND

Provident fund scheme is a saving device in the hands of salaried class. It is a retirement benefit scheme. Under this scheme, a stipulated sum is regularly deducted from the salary of the employee as his contribution towards the fund. The employer also, generally, contributes a similar amount out of his pocket to the fund. The employer's and employee's contribution are together invested in such fund. Interest earned thereon is also credited to the fund of the employee. Thus, provident fund scheme is a great media to initiate and mobilize small savings to a large scale. On termination of service or retirement, employee receives the whole accumulated fund, subject to certain conditions. Hence, provident fund has four components i.e. Employer's contribution; Employee's contribution; Interest on employer's contribution; and Interest on employee's contribution.

Provident fund is of four types, viz:

a) Statutory Provident Fund (SPF): Statutory provident fund is set up under the provisions of the Provident Funds Act, 1925. Government and Semi-Government organizations, local authorities, railways, Universities and recognized educational institutions maintain Statutory Provident Fund.

b) Recognized Provident Fund (RPF): The provident fund scheme is framed under the Employee's Provident Fund and Miscellaneous Provisions Act, 1952 (hereinafter referred as PF Act). The PF Act covers any establishment employing 20 or more persons. However, any establishment employing less than 20 persons can also join the scheme provided employer and employee both agree to do so. Further, if an employer creates his own scheme for provident fund then he can do so subject to recognition from the Commissioner of Income tax.

c) Unrecognized Provident Fund (URPF): If a provident fund scheme is created by an employer, which is not recognized by the Commissioner of Income tax, then such fund is known as Unrecognized provident fund.

d) Public Provident Fund (PPF): The Central Government has established a fund for the benefit of public to mobilize personal savings. Any member of the public, whether salaried or self-employed, can contribute to the fund by opening a provident fund account at any branch of the State Bank of India or its subsidiaries or other nationalised bank. Even a salaried employee can simultaneously become a member of employee's provident fund (whether statutory, recognised or unrecognized) and public provident fund. Any amount in multiple of ` 5 (subject to minimum of ` 500 and maximum of ` 1,50,000 p.a.) may be deposited in this account. Interest is credited every year but payable only at the time of maturity. Interest earned on this fund is exempt from tax u/s 10(11).

Mr. Das retired on 31/3/2019. At the time of retirement, 18 months leave was lying to the credit of his account. He received leave encashment equivalent to 18 months Basic salary ₹ 1,26,000. His employer allows him 1½ months leave for every completed year of service. During his tenure, he availed of 12 months leave. At the time of retirement, he also gets D.A. ₹ 3,000. His last increment of ₹ 1,000 in basic was on 1/4/2018. Find taxable leave encashment.

Solution

Working

1. Calculation of completed year of service: Employee has received 18 months leave encashment on termination of service as well he had enjoyed leave of 12 months during his tenure. That means he had received a leave benefit of 30 months. Since leave allowed by employer is 1½ months for every completed year of service, this signifies that Mr. Das had completed 20 years (being 30/1½) of service.

2. Salary here means, Basic + DA + Commission, being last 10 months average from the date of retirement. There is no increment in last 10 months (last increment was on 1/4/2018) and there is no commission, hence Av. Salary = ₹ 7,000 (i.e. ₹ 1,26,000/18) + ₹ 3,000 = ₹ 10,000 p.m.

MODULE III

INCOME FROM HOUSE PROPERTY

As per sec. 22, the annual value of property consisting of any building or land appurtenant thereto of which assessee is the owner, other than such portion of such property as he may occupy for the purposes of any business or profession carried on by him shall be chargeable to income tax under the head “ Income from house property.”

It is an exceptional feature of this head that rather than actual income from house property, earning capacity of house property is taxable. As stated u/s 22 that “annual value” of the property is taxable rather than actual income of the property.

Condition 1: Building or land appurtenant thereto

The term ‘house property’ is not defined in Income tax Act. However, various judicial interpretation have construed the term house property as -

- any land surrounded by wall having roof or not; and
- any land appurtenant to a building.

Notes

- a) Building includes an enclosure of bricks, stone work or even mud walls
- b) Building includes residential as well as commercial houses.
- c) Vacant land is not a house property. Hence, income from letting of vacant land is not taxable under this head but taxed as business income or as income from other sources.
- d) Roof is not necessary for a non-residential house property. A large stadium or a open air swimming pool is also considered as building
- e) It should be a permanent structure meant for a useful purpose.
- f) If a building consists of several flats, then each flat is considered as a separate house property.

- g) An incomplete, a ruined or demolished house cannot be termed as house property.
- h) Land appurtenant to a building includes car parking area, approach roads, backyards, courtyards, etc. attached to such building.

Condition 2: Owner

Annual value of a property is assessed to tax only in the hands of the owner even if he is not in receipt of any income. Any person other than the owner, even though he is in receipt of rent shall not be liable to tax under this head. That is why, income from sub-letting is not taxable under this head but under the head 'Income from other sources'. E.g. Mr. X being a tenant of a house property acquired it at a monthly rent of ` 10,000 from Mr. Y (owner of such house property). Mr. X sublets the property to Mr. Z for a monthly rent of ` 12,000. Income from subletting being ` 2,000 p.m. is taxable as business income or as income from other sources.

Owner includes legal owner, beneficial owner and deemed owner.

Legal owner: Legal owner means a person who has the legal title of the property as per the Transfer of Property Act, Registration Act, etc.

Beneficial owner: For income tax purpose it is not necessary that the property must be registered in the name of the assessee. If the assessee is enjoying the property as an owner to full extent he will be treated as a beneficial owner of such property and will be charged under the head 'Income from house property'.

Fictional owner or Deemed owner [Sec. 27]

U/s 27, in the following cases, a person shall be treated as deemed owner of the property and liable to tax (in such case legal owner or beneficial owner shall not be further liable to tax)

1. Transfer to spouse or minor child [Sec. 27(i)]: When an individual transfers a house property to

-

- his or her spouse (not being a transfer in connection with an agreement to live apart); or
- a minor child (not being a married daughter)

- without adequate consideration, then transferor shall be treated as deemed owner of such property.

E.g.: Mr. X transfers his house property worth ` 5,00,000 to Mrs. X out of love and affection. In such case, though Mrs. X is the legal owner but Mr. X will be liable to tax as deemed owner of such property.

Note: In case of transfer to spouse, marriage should subsist on both the days i.e., on the day of transfer as well as on the day when income arises.

Tax point:

- Transferee must be spouse or minor child other than married daughter.
- Transfer must be without adequate consideration.
- Transferred property must be a house property. E.g. Mr. X transfers cash of ₹ 5,00,000 to Mrs. X and Mrs. X purchases a house property from such cash, then such transfer of cash and subsequent purchase of property shall not attract provision of sec. 27(i). However, the income from such property shall be clubbed in the hands of Mr. X as per the provision of sec. 64(1)(iv) [For detail refer chapter Clubbing of Income].

2. The holder of an impartible estate [Sec. 27(ii)]: The holder of an impartible estate (property which is not legally divisible) is treated as deemed owner of house property. Impartible estate is an estate to which the assessee has succeeded by grant or covenant.

3. Property held by a member of a company, society or any other association [Sec. 27(iii)]: Property held by a member of a company, co-operative society or other association of persons to whom a building or a part thereof is allotted or leased under House Building Scheme of the company or association, is treated as deemed owner of that building or a part thereof.

Taxpoint:

- Assessee is the member of a company, co-operative society or other AOP.
- He has been allotted or leased a building on account of such membership.
- Though he is not the legal owner of such property, still he will be liable to tax.

4. A person who acquired a property u/s 53A of the Transfer of Property Act [Sec. 27(iiiia)]: A person who is allowed to take or retain possession of any building (or part thereof) in part performance of a contract u/s 53A of the Transfer of Property Act, 1882, is deemed as the owner of that building (or part thereof).

Taxpoint:

- Assessee has taken the possession of the property.
- He has partly performed or promised to perform the contract i.e., he has paid (or is ready to pay) a part of the consideration.
- The contract must be in writing. Though sale-deed might not be executed in favour of the buyer, still certain other document like 'power of attorney' or 'agreement to sell' has been executed.

5. Lessee of a building u/s 269UA(f) [Sec. 27(iiiib)]: A person who acquires any right u/s 269UA(f) in or with respect to any building or part thereof, by way of lease agreement for a period not less than 12 years is deemed as the owner of that building (or part thereof).

Notes

- a) Lease period should not be less than 12 years [as per sec. 269UA(f)] including extension period.
- b) Above provision does not include any right by way of lease from month to month or for a period not exceeding 1 year.

E.g.: X lets out a property to Miss Y on a lease of 9 years. However, Miss Y has a right to renew the lease for further period of 3 years. In such case, Miss Y shall be deemed as an owner of the property u/s 27. However, if such right of renewal of lease (for 3 years) is subject to condition that at each occasion it will be renewed for a period of 11 months, then X will be owner of the property and liable to tax u/s 22.

Condition 3: Property is used for business or profession carried on by the assessee

When a person carries on business or profession in his own house property, annual value thereof is not taxable u/s 22 provided income of such business is chargeable to tax.

Incidences thereof

- Letting out to employees: If an assessee lets out the property to his employee, where such letting out supports smooth flow of his business, then such letting out shall be deemed to be incidental to business and such rent shall be chargeable under the head “Profits & gains of business or profession”.
- Letting out to Government Agencies: Where an assessee let out his property to any Government agency for locating branch of a nationalized bank, police station, post office, excise office, railway staff quarters, etc. for the purpose of running the business of assessee more efficiently, such letting out shall be deemed to be incidental to business and such rent shall be chargeable under the head “Profits & gains of business or profession”.
- Letting out to ancillary units: Where an assessee lets out its property to ancillary units, which manufactures components required by the assessee. Income from such letting out shall be taxable under the head “Profits & gains of business or profession”.

SOME SPECIAL CASES

Foreign property

If house property is situated abroad, then annual value of such property shall be taxable as:

Assessee	Condition for taxability
Ordinarily resident	Always taxable
Not ordinarily resident or Non resident	Income must be received in India

Note: The annual value of such property would be computed as if the property is situated in India.

Disputed ownership

Merely, due to dispute regarding the title of property, assessment cannot be postponed. In such case, person who is in receipt of income or who enjoys the possession of the property is assessable to tax.

Composite rent

Together with rent of the building, if the owner gets charges for other services or rent of other assets provided in the building (e.g. furniture, machinery, etc.), amount so received is termed as 'composite rent'.

Composite Rent = Rent for building + Rent for assets / Charges for various services

Tax treatment of composite rent is as follows:

● **Rent including charges for amenities or services like garden facility, food, lighting, etc. or other separable assets (like machinery, plant, furniture):** If the owner of house property gets composite rent for both property as well as for services rendered or other separable asset, such composite rent shall be treated as under:

Particulars	Taxable under the head
Sum received for the use of building.	'Income from house property'.
Sum received for other amenities or other separable assets.	'Profits & gains of business or profession'; or 'Income from other sources'

However, if segregation of composite rent is not possible, then the whole amount will be taxed either under the head 'Profits & gains of business or profession' or 'Income from other sources'.

Tax point: Rent from paying guest is, generally, taxable under the head 'Income from other sources'.

● **Letting of building with other inseparable assets (like machinery, plant, furniture):** If letting of only building is not possible or not acceptable to the other party, then sum received as rent from the properties is chargeable as business income or income from other sources even if the composite rent is segregable. E.g., letting out of hotel rooms, auditoriums, etc.

Co-ownership [Sec. 26]

If two or more persons own a house property jointly, then they are known as co-owners. If individual share of each co-owner is definite and ascertainable then the share of each such person shall be taxable as his income from house property.

Tax treatment

1. Share of each co-owner in the income from the property as computed in accordance with sec. 22 to 25 shall be included in his total income.
2. Where the house property is owned by co-owners and is occupied by each of the co-owner then all of them can claim benefit u/s 23(2)(a) and interest on loan shall be allowed to all the co-owners to the extent of ` 30,000/` 2,00,000 as the case may be.

Note: Provision of Sec. 26 is mandatory and not optional.

Partner's property used by the firm

The business carried on by the firm should be regarded as carried on by all the partners. Thus, annual letting value of a property belonging to the assessee which is in occupation of the firm in which assessee is the partner, is not includible in income of the assessee-partner u/s 22

Property held as stock-in-trade [Sec. 23(5)]

Where house property is held as stock-in-trade & not let out during any part of the previous year, then annual value of such property shall be computed as under:

Period	Annual Value
Up to 1 year from the end of the financial year in which the certificate of completion of construction of the property is obtained from the competent authority	Annual value of such property shall be taken to be nil.
After the completion of aforesaid period	Annual value of such property shall be computed as per other provisions.

Doctrine of mutuality

Sec. 22 levies tax on annual value of house-property and not on actual income from house property. In case of a club, which provides recreational facilities exclusively to its member and their guest and not to any non-members, it is considered as a non-profit seeking person and run on no-profit no-loss basis. Such club is running on the principle of mutuality and its members are not entitled to any share of profit. In the case of such a mutual concern, not only the surplus of the organisation but also the annual value of the club house shall be exempted from tax.

EXEMPTED PROPERTIES

Income from the following house properties are exempted from tax:

1. Any one palace or part thereof of an ex-ruler, provided the same is not let out [Sec. 10(19A)].

Taxpoint: If the ex-ruler has a house property and the part of which is self-occupied and remaining let out then only the self occupied part of the house property shall be exempted.

2. House property of a local authority [Sec. 10(20)].
3. House property of an approved scientific research association [Sec. 10(21)].
4. House property of an educational institution [Sec. 10(23C)].
5. House property of a hospital [Sec. 10(23C)].
6. House property of a person being resident of Ladakh [Sec. 10(26A)]
7. House property of a political party [Sec. 13A]
8. House property of a trade union [Sec. 10(24)]
9. A farm house [Sec. 10(1)]
10. House property held for charitable purpose [Sec. 11]
11. House property used for own business or profession [Sec. 22].

Gross Annual Value (GAV)

Normally, income tax is charged on income, but under the head 'Income from house property', tax is not charged on the rent earned from house property but on the inherent earning capacity of the house property. Such earning capacity is termed as Annual Value. Annual value is determined considering the following factors:

A) Actual Rent Receivable [ARR]

Any sum receivable as rent of the house property for the previous year is an evidence for determining the earning capacity of the building. Such actual rent receivable is to be computed on accrual basis. However, where tenant pays rent, which is influenced by benefits provided by the owner of the property, such rent must be disintegrated to determine actual rent i.e. De-facto rent of the property.

De facto rent = ARR – Cost of amenities.

Taxpoint: While computing actual rent receivable, outstanding rent shall be considered but advance rent received during the financial year is not to be considered.

B) Gross Municipal Value

It means the annual value of the property decided by municipality on which they charge municipal tax. Such valuation may also be taken as evidence of earning capacity of a property.

In metro cities (i.e. Chennai, Delhi, Kolkata, Mumbai), municipal authorities charge tax on Net Municipal Value after giving a deduction for repairs (being 10% of Gross Municipal value) and an allowance for service taxes (like sewerage tax, water tax etc. as a % of Net Municipal value). Hence, the relation between Gross Municipal Value and Net Municipal Value can be concluded as under –

In metro cities	$NMV = GMV - 10\% \text{ of } GMV - \text{Sewerage/Water Tax etc. (as a \% of NMV)}$
In non-metro cities	$GMV = NMV$

C) Fair or Notional rent of the property

Fair or notional rent of a property means rent fetched by a similar property in the same or similar locality. Though two properties might not be exactly similar still it is an indicator of rent reasonably expected from the property. An inflated or deflated rent due to emergency, relationship and such other conditions need to be adjusted to determine fair rent.

For instance, a property was let out to a friend for a monthly rent of ₹ 2,000 which might be let out to another person at the rate of ₹ 2,500 p.m. In such case, fair rent of the property shall be ₹ 2,500 p.m.

D) Standard rent under the Rent Control Act

Standard rent is the maximum rent, which a person can legally recover from his tenant under the Rent Control Act prevailing in the State in which the property is situated. A landlord cannot reasonably expect to receive from a tenant any amount more than Standard Rent. Accordingly, it can be concluded that if the property is covered by the Rent Control Act then Reasonable Expected Rent (RER) cannot exceed Standard Rent.

Computation of Gross Annual Value

Step 1: Calculate reasonable expected rent (RER) of the property being higher of the following:

- a) Gross Municipal Value.
- b) Fair Rent of the property.

Note: RER cannot exceed Standard Rent.

* Reasonable Expected Rent (RER) is also known as Annual Letting Value (ALV).

Step 2: Calculate Actual Rent Received or Receivable (ARR) for the year less current year unrealised rent (UR) subject to certain conditions#.

#Unrealised Rent [Rule 4]: Unrealised Rent of current year shall be deducted in full from Actual Rent Receivable, provided the following conditions are satisfied:

- i) The tenancy is bona fide;
- ii) The defaulting tenant has vacated the property or steps have been taken to compel him to vacate the property;
- iii) The defaulting tenant is not in occupation of any other property of the assessee;
- iv) The assessee has taken all reasonable steps to institute legal proceeding for the recovery of the unpaid rent or has satisfied the Assessing Officer that legal proceedings would be worthless.

Step 3: Compare the values calculated in step 1 and step 2 and take the higher one.

Step 4: Where there is vacancy and owing to such vacancy the 'ARR – UR' is less than the RER, then 'ARR - UR' computed in step 2 will be treated as GAV.

Taxpoint: Reasonable Expected Rent cannot exceed Standard Rent but can be lower than Standard Rent

Computation of Gross Annual Value

Step 1: Calculate reasonable expected rent (RER) of the property being higher of the following:

- a) Gross Municipal Value.
- b) Fair Rent of the property.

Note: RER cannot exceed Standard Rent.

* Reasonable Expected Rent (RER) is also known as Annual Letting Value (ALV).

Step 2: Calculate Actual Rent Received or Receivable (ARR) for the year less current year unrealised rent (UR) subject to certain conditions#.

#Unrealised Rent [Rule 4]: Unrealised Rent of current year shall be deducted in full from Actual Rent Receivable, provided the following conditions are satisfied:

- i) The tenancy is bona fide;
- ii) The defaulting tenant has vacated the property or steps have been taken to compel him to vacate the property;
- iii) The defaulting tenant is not in occupation of any other property of the assessee;
- iv) The assessee has taken all reasonable steps to institute legal proceeding for the recovery of the unpaid rent or has satisfied the Assessing Officer that legal proceedings would be worthless.

Step 3: Compare the values calculated in step 1 and step 2 and take the higher one.

Step 4: Where there is vacancy and owing to such vacancy the 'ARR – UR' is less than the RER, then 'ARR - UR' computed in step 2 will be treated as GAV.

In nutshell, GAV shall be computed as under

Steps	Particulars	Amount
Ist	<u>Compute Reasonable Expected Rent [RER]</u>	
	Gross Municipal Value (a)	
	Fair Rent (b)	
	Higher of the (a) and (b) [A]	

2 nd	Standard rent (B)	
3 rd	Reasonable expected rent [Lower of (A and B)] [C]	
4 th	Actual rent received or receivable (ARR) – Unrealised Rent of the current year (UR) [D] Gross annual value Higher of C and D considered as GAV However, where ‘ARR – UR’ is lower due to vacancy, then ‘ARR - UR’ computed in step 2 will be treated as GAV.

RECOVERY OF UNREALISED RENT AND ARREARS RENT [SEC. 25A]

Applicability

The assessee has received arrears of rent received from a tenant or the unrealised rent realised subsequently from a tenant

Tax Treatment

The amount so received shall be taxable under the head 'Income from house property' in the year of receipt after deducting standard deduction @ 30% of such amount.

Arithmetically, taxable amount shall be -

$$70\% \times [\text{Recovery of Arrear Rent or Unrealised Rent}]$$

Taxpoint

- No other deduction shall be allowed from such income except standard deduction i.e. 30% of such receipt. (even legal expenditure shall not be allowed as deduction)
- The income is taxable on cash basis.

Note: Such receipt shall be chargeable as income from house property although the assessee is not the owner of such property in the year of receipt.

ILLUSTRATION

Mr. Lucky Ali owns a house property let out since 1/4/2014 to a school for monthly rent of ₹ 10,000. There was no change in rent till 31/3/2018. On 1/4/2018, as per court decision rent was increased to ₹ 12,000 p.m. with retrospective effect from 1/4/2016 and duly paid by school in the same year. Legal expenditure for such suit has been incurred by Mr. Ali ₹ 30,000. Discuss tax treatment u/s 25A.

Solution

Arrears rent belongs to the period 1/4/2016 to 31/3/2018 i.e., for 24 months.

Arrears rent received = ` 2,000 × 24 months = ` 48,000

Such rent is taxable in the year of receipt as under:

Particulars	Amount
Arrears of rent received	48,000
Less: Standard deduction u/s 24(a) equal to 30% of such rent	14,400
Income from house property u/s 25A	33,600

Note: Legal expenditure is not deductible.

MODULE IV

PROFIT OR GAINS OF BUSINESS OR PROFESSION

Business [Sec. 2(13)]

Business includes –

- Any trade, commerce or manufacture; or
- Any adventure or concern in the nature of trade, commerce or manufacture.

Generally, business means recurring economic activity, but for income tax purpose an isolated activity may be termed as business depending upon facts and circumstances. Following elements shall be considered to judge a transaction as business transaction:

- Nature of commodity
- Intention of the party
- Efforts applied in transaction
- Periodicity of transaction
- Nature of transaction (whether incidental to a business or not)

Profession [Sec. 2(36)]

Profession includes vocation. Profession requires purely intellectual skill or manual skill on the basis of some special learning and qualification gathered through past training or experience e.g. chartered accountant, doctor, lawyer etc. Professional skill can be acquired only after patient study (in a particular system either a college, university or institute) and application (i.e. experience)

Vocation implies natural ability of a person to do some particular work e.g. singing, dancing, etc. The term “vocation” is different from the term “hobby”. Vocation must have the earning feature. It can be treated as an earning means by which a man passes his life. Unlike profession, vocation does not require a degree or special learning.

INCOME CHARGEABLE UNDER THE HEAD PROFITS & GAINS OF BUSINESS OR PROFESSION [SEC. 28]

Sec. 28 enlists the incomes, which are taxable under the head ‘Profits & gains of business or profession’:

1. Profits & gains of any business or profession [Sec. 28(i)]: Any income from business or profession including income from speculative transaction shall be taxable under this head.

2. Compensation to Management agency [Sec. 28(ii)]: Any compensation/other payment due to or received

3. Income of trade or professional association's [Sec. 28(iii)]: Income derived by a trade, professional or similar association from rendering specific services to its members shall be taxable under this head.

Note: This is an exception to the general principle that a surplus of mutual association cannot be taxed.

4. Export incentive [Sec. 28(iiiia) (iiib) & (iiic)]: An export incentive in form of -

- Profit on sale of import license or duty entitlement pass book. [Sec. 28(iiiia)/(iiid)/(iiie)]
- Cash assistance received/receivable by an exporter under a scheme of the Government of India [Sec. 28(iiib)]
- Duty draw back (received/receivable) for export e.g. Excise duty drawback, etc. [Sec. 28(iiic)]

5. Perquisite from business or profession [Sec. 28(iv)]: The value of any benefit or perquisite, whether convertible into money or not, arising from business or profession shall be taxable under this head.

Examples: If an authorized dealer of a company receives a car (over and above his commission) from the company on achieving sale-target then market value of such car shall be taxable under the head 'Profits & gains of business or profession'.

6. Remuneration to partner [Sec. 28(v)]: Any interest salary, bonus, commission or remuneration received by a partner from the firm (or Limited Liability Partnership) shall be taxable as business income in the hands of the partner to the extent allowed in hands of firm (or Limited Liability Partnership) u/s 40(b).

7. Amount received or receivable for certain agreement [Sec. 28(va)]: Any sum, whether received or receivable in cash or in kind, under an agreement for -

- not carrying out any activity in relation to any business or profession; or
- not sharing any know-how, patent, copyright, trade mark, licence, franchise or any other business or commercial right of similar nature or information or technique likely to assist in the manufacture or processing of goods or provisions for services.

Exceptions: The aforesaid provision is not applicable in respect of the following:

a. any sum received or receivable in cash or in kind on account of transfer of the right to manufacture, produce or process any article or thing; or right to carry on any business or profession, which is chargeable under the head Capital gains;

b. any sum received as compensation from the multilateral fund of the Montreal Protocol on Substances that Deplete the Ozone Layer under the United Nation Environment Programme, in accordance with the terms of agreement (whether or not in writing, whether or not intended to be enforceable by legal proceedings) entered into with the Government of India

8. Keyman Insurance Policy [Sec. 28(vi)]: Any sum received under a Keyman Insurance Policy including bonus on such policy. As per sec. 10(10D) Keyman insurance policy is a life insurance policy taken by a person on the life of another person who is or was -

- an employee of the first mentioned person; or
- in any manner whatsoever connected with the business of the first mentioned person.

and includes such policy which has been assigned to a person, at any time during the term of the policy, with or without any consideration

9. Conversion of stock into capital asset [Sec. 28(via)]: The fair market value of inventory as on the date on which it is converted into, or treated as, a capital asset.

10. Recovery against certain capital assets covered u/s 35AD [Sec. 28(vii)]: Any sum received or receivable (in cash or kind) on account of any capital asset (other than land or goodwill or financial instrument) being demolished, destroyed, discarded or transferred, if the whole of the expenditure on such capital asset has been allowed as a deduction u/s 35AD.

SPECIFIC DEDUCTIONS

As per sec. 29, income under this head will be computed considering the provisions of sec. 30 to 43DB, which decides the admissibility of expenditures for computing income under this head.

1. Rent, rates, taxes, repairs & insurance for building [sec. 30]

Rent, rates, taxes, repairs & insurance for premises used for the purpose of business or profession shall be allowed under this section.

2. Repairs & insurance of machinery, plant & furniture [sec. 31]

Repairs & insurance of plant, machinery & furniture are allowed as deduction. Points to be noted in this regard:

a. Use of asset: The asset must be used for the purpose of business or profession. However, if the asset is not exclusively used for the purpose of business or profession then deduction shall be restricted to a fair proportion of above expenditure, which the Assessing Officer may determine [Sec. 38(2)].

b. Current repair vs Capital repair: Only current repairs are allowed as deduction.

Examples:

- Heavy expenditure incurred for replacement of part of a ship without creating any asset is deductible
- Any expenditure on the replacement of petrol engine by a diesel engine on his vehicle is allowed u/s 31.

c. Rent for furniture, plant or machinery: Only repairs & insurance of machinery, plant & furniture is covered under this section. Rent paid for use of such assets is deductible u/s 37(1)

3. Depreciation [sec. 32]

Sec. 32 provides for depreciation on –

Tangible assets	Building, Machinery, Plant and Furniture.
Intangible assets	Know how, Copyright, Trade Mark, Patent, Licence, Franchise, or any other business or commercial right of the similar nature acquired on or after 1/4/1998

Rules for claiming depreciation

1. Depreciation is allowed, not on individual assets, but on a block of assets put together collectively. Block of assets means a group of assets which comprises.
 - a. Tangible assets like building, machinery, plant or furniture and
 - b. Intangible assets like know-how patents, copyrights, trade marks, licenses, franchises or any other business or commercial rights of similar nature.

Block of Assets [Sec. 2(11)]

Block of assets means a group of assets of same nature, in respect of which same rate of depreciation is charged. In other words, to fall in the same block, the following two conditions are to be satisfied:

- Assets must be of same nature;
- Tangible assets being building, machinery, plant or furniture, and

Intangible assets, being know-how, patents, copy-rights, trade marks, licenses, franchises or any other business or commercial rights of similar nature acquired on or after 1-4-1998;

- Rate of depreciation on such asset must be same.

Rate of depreciation for block of assets-

Block	Nature of Asset
Buildings ¹ 5%	Residential building other than hotels and boarding
Buildings 10%	Non residential building, godown, office, factory, etc. including hotels and boarding
Buildings 40%	Temporary construction
Furniture 10%	Any furniture including electrical fittings
Plant/Machinery 20%	Ocean going ships, vessels, speed boats
Plant/Machinery 30%	Motor car (including lorries and buses) used for hiring purposes
Plant/Machinery 40%	Computer including computer software Books owned by a professional
Plant/Machinery 40%	Air or water pollution control equipment
Plant/Machinery 15%	Oil Wells
Plant/Machinery 15%	In general (if nothing is mentioned regarding nature of plant & machinery and including motor car not used for hiring purpose)
Intangible assets ³ 25%	Acquired after 31/3/98

Expenditure on Scientific Research (Section 35)

The term “scientific research” means any activity for the extension of knowledge in the fields of natural or applied sciences including agriculture, animal husbandry or fisheries. The word

Scientific Research has been defined as 'an activity for the extension of knowledge in the fields of natural or applied sciences including agriculture, animal husbandry or fisheries'. Such an activity may result in an improved efficiency and this in turn increases the productivity of the process. So, in order to encourage people to enhance the productivity, government has provided certain tax incentives under this section by way of deduction for expenditure incurred in respect of Scientific Research. Such Scientific research may be carried out for the purpose of

- (a) Extension of business;
- (b) Providing medical facilities to the employees.

Deduction under this section is allowed in two ways

- (A) When assessee takes up scientific research on his own
- (B) When assessee contributes amount for carrying out scientific research to an approved body.

(A) When assessee takes up scientific research on his own

When assessee carries on any scientific research, the expenditure incurred by him for such may be

- (a) Revenue expenditure or
- (b) Capital expenditure

The treatment of above is as follows.

(a) Revenue expenditure

Any revenue expenditure incurred by the assessee in respect of Scientific research within 3 years immediately preceding the year of commencement of business shall be allowed deduction in the year of commencement. Such revenue expenditure may be in respect of salaries (excluding any perquisites) payable to the staff involved in the research; for acquiring the inputs required to carry out the research or any such eligible expenditure.

(b) Capital expenditure

Any Capital expenditure incurred by the assessee is deductible 100% in the year it is incurred.
Conditions:

- (1) No deduction will be allowed on the capital expenditure incurred on acquisition of land on or after 29/02/1984 whether the land is acquired as such or as a part of property.
- (2) The Capital asset shall be used for the purpose of scientific research only. Any question on the

usage of the asset shall be referred to the Central Government or prescribed authority.

(3) Any Capital expenditure allowed as deduction, if it is not absorbed in the current year, shall be

carried forward for indefinite period, until it is set off.

(4) If any deduction in respect of capital expenditure is claimed under this section, Depreciation under Section 32 cannot be claimed again on the same capital asset.

In these ways, expenditure incurred by the assessee on scientific research carried on by him is deductible. It is worthwhile to mention Section 35(2AB) here.

Section 35(2AB): Expenditure on In-house research and development expenses

(This also comes under (A) Assessee takes up scientific research on his own.) Under this section, a weighted deduction of **2 times** is given to a Company engaged in the manufacture of any article or thing (other than those mentioned in Eleventh Schedule), which incurs any capital or revenue expenditure on In-house research and development facility up to 31/03/2012.

Conditions:

- (1) The assessee who incurs such expenditure shall be a Company
- (2) Capital expenditure in the nature of land or building is not allowed weighted deduction under this section. The cost of building (excluding the cost of land) shall be given deduction of 100% as mentioned in(b)Capital expenditure above.
- (3) To claim this deduction, the company shall enter into an agreement with the prescribed authority for co-operation in the R&D facility and for the audit of accounts of the company.

(B) When assessee contributes amount for carrying out scientific research to an approved body

A weighted deduction of such amount contributed is given in the following cases.

(1) Amount paid to a University/College/School/Research association:

Any amount contributed by the assessee to any of the above mentioned institutions shall be given a weighted deduction of **1.75 times**, even if the field of research of such institution is different from that of the assessee.

Conditions:

ILLUSTRATION

Mr. X, a grower and manufacturer of tea, purchased machinery (15%) on 10-04-2017 for ` 10 lakh. He computed depreciation for A.Y. 2019-20 as given below; needs your comment on his working:

Particulars	Amount
Opening W.D.V. as on 1/4/2017	Nil
Add: Assets purchased during the year	10,00,000
	10,00,000
Less: Depreciation for the P.Y. 2017-18 [$10,00,000 \times 15\% \times 40\%$]	60,000
(As he is engaged in the business of growing and manufacturing tea; hence 60% is considered as part of agricultural income)	
Opening W.D.V. as on 1/4/2018	9,40,000
Less: Depreciation for the P.Y. 2018-19 [$9,40,000 \times 15\% \times 40\%$]	56,400
Opening W.D.V. as on 1/4/2019	8,83,600

Further, compute his business income for A.Y. 2019-20 assuming that his income before depreciation and without reducing element of agricultural income is ` 8,00,000/-

Solution

The method of computation of depreciation followed by Mr. X is not correct as Expl. 7 to sec.43(6) provides that:

“Where the income of an assessee is derived, in part from agriculture and in part from business chargeable to income-tax under the head “Profits and gains of business or profession”, for computing the written down value of assets acquired before the previous year, the total amount of depreciation shall be computed as if the entire income is derived from the business of the assessee under the head “Profits and gains of business or profession” and the depreciation so computed shall be deemed to be the depreciation actually allowed under this Act.”

The correct computation of depreciation are as follow:

Particulars	Amount
Opening W.D.V. as on 1/4/2017	Nil
Add: Assets purchased during the year	10,00,000
	10,00,000
Less: Depreciation for the P.Y. 2017-18 [$10,00,000 \times 15\%$]	
(Considering the entire income as taxable income)	1,50,000
Opening W.D.V. as on 1/4/2018	8,50,000
Less: Depreciation for the P.Y. 2018-19 [$8,50,000 \times 15\%$]	1,27,500
Opening W.D.V. as on 1/4/2019	7,22,500

Computation of business income of Mr. X for A.Y. 2019-20

Particulars	Amount
Income before depreciation and without reducing element of agricultural income	8,00,000
Less: Depreciation	1,27,500
	6,72,500
Less: Agricultural Income being 60% of above	4,03,500
Profits and Gains of Business or Profession	2,69,000

From the following figures, you are required to calculate the depreciation admissible during the previous year.

	Plant and machinery	building
Written down value at the beginning of the year	375000	1500000
Purchased during the year	450000	nil
Sales during the year	775000	300000

Solution

Computation of long term capital gain

Long term capital gain is computed as below:

Full value of consideration – (indexed cost of acquisition + indexed cost of improvement + cost of transfer).

Where, indexed cost of acquisition = cost x CII of year of transfer CII year of acquisition.

CII = cost of inflation index.

The 'cost of acquisition of capital asset' is to be increased by cost inflation index.

COST OF INFLATION INDEX

Cost inflation index, in relation to a previous year, means such Index as the Central Government may, having regard to 75% of average rise in the Consumer Price Index (urban) for the immediately preceding previous year to such previous year, by notification in the Official Gazette, specify, in this behalf. Cost Inflation Index for different financial years is as follows:

Financial Year	Index	Financial Year	Index
2001-02	100	2011-12	184
2002-03	105	2012-13	200
2003-04	109	2013-14	220
2004-05	113	2014-15	240
2005-06	117	2015-16	254
2006-07	122	2016-17	264
2007-08	129	2017-18	272
2008-09	137	2018-19	280
2009-10	148		
2010-11	167		

Note: Indexed cost of acquisition has to be ascertained with reference to the date of acquisition and not with reference to the date when such asset became a capital asset.

COST OF ACQUISITION

Cost of Acquisition (COA) means any capital expense at the time of acquiring capital asset under transfer, i.e., to include the purchase price, expenses incurred up to acquiring date in the form of registration, storage etc. expenses incurred on completing transfer.

Cost of acquisition is special cases

1. Where the capital asset became the property of the assessee:
 - a. on any distribution of assets on the total or partial partition of a Hindu undivided family;

- b. under a gift or will;
- c. by succession, inheritance or devolution;
- d. on any distribution of assets on the dissolution of a firm, body of individuals, or other association of persons, where such dissolution had taken place at any time before 1.04.1987;
- e. on any distribution of assets on the liquidation of a company;
- f. under a transfer to a revocable or an irrevocable trust;
- g. by transfer from its holding company or subsidiary company;
- h. by transfer in a scheme of amalgamation;
- i. by an individual member of a Hindu Undivided Family giving his separate property to the assessee HUF anytime after 31.12.1969,

In all above cases, the *cost of acquisition of the asset shall be the cost for which the previous owner of the property acquired it*, as increased by the cost of any improvement of the asset incurred or borne by the previous owner or the assessee, as the case may be, till the date of acquisition of the asset by the assessee.

If the previous owner had also acquired the capital asset by any of the modes above, then the cost to that previous owner, who had acquired it by mode of acquisition other than the above, should be taken as cost of acquisition.

2. Where shares in an amalgamated Indian company became the property of the assessee in a scheme of amalgamation the cost of acquisition of the shares of the amalgamated company shall be the cost of acquisition of the shares in the amalgamating company.

3. Where a share or debenture in a company, became the property of the assessee on conversion of bonds or debentures the cost of acquisition of the asset shall be the part of the cost of debenture, debenture stock or deposit certificates in relation to which such asset is acquired by the assessee.

4. Where shares, debentures or warrants are acquired by the assessee under Employee Stock Option Plan or Scheme and they are taken as perquisites u/s 17(2) the Cost of Acquisition would be the valuation done u/s 17(2).

5. Cost of Acquisition of shares in the Resulting Company, in a demerger.

The cost of acquisition of the original shares held by the share holder in the demerged company will be reduced by the above amount.

6. Where **Capital Gains** is not levied on a transfer of capital asset between a Subsidiary Company and a Holding Company or vice-versa but the conditions laid down are violated subsequently and Capital Gains is to be levied, the cost of acquisition to the transferee company would be the cost for which such asset was acquired by it.

7. Where the capital asset is goodwill of a business or a Trade Mark or Brand Name associated with a business, right to manufacture, produce or process any article or thing, right to carry on any business, tenancy rights, stage carriage permits or loom hours, the cost of acquisition is the purchase price paid by the assessee and in case no such purchase price is paid it is nil.

8. Where the cost for which the previous owner acquired the property cannot be ascertained, the cost of acquisition to the previous owner means the Fair Market Value on the date on which the capital asset became the property of the previous owner.

9. Where the capital asset became the property of the assessee on the distribution of the capital assets of a company on its liquidation cost of acquisition of such asset is the Fair Market Value of the asset on the date of distribution.

10. Where share or a stock of a company became the property of the assessee on:

a. the consolidation and division of all or any of the share capital of the company into shares of larger amount than its existing shares;

b. the conversion of any shares of the company into stock;

c. the re-conversion of any stock of the company into shares;

d. the sub-division of any of the shares of the company into shares of smaller amount; or

e. the conversion of one kind of shares of the company into another kind. Cost of acquisition of the share or stock is as calculated from the cost of acquisition of the shares or stock from which it is derived.

11. The cost of acquisition of rights shares is the amount which is paid by the subscriber to get them. In case a subscriber purchases the right shares on renunciation by an existing share holder, the cost of acquisition would include the amount paid by him to the person who has renounced the rights in his favor and also the amount which he pays to the company for subscribing to the shares. The person

who has renounced the rights is liable for **capital gains** on the rights renounced by him and the cost of acquisition of such rights renounced is nil.

12. The cost of acquisition of bonus shares is nil.

13. Where equity share(s) are allotted to a share holder of a recognised stock exchange in India under a scheme of demutualisation or corporatisation approved by SEBI, the cost of acquisition of the original membership of the exchange is the cost of acquisition of the equity share(s). The cost of acquisition of trading or clearing rights acquired under such scheme of demutualisation or corporatisation is nil.

14. Where any other capital asset has become the property of the assessee before 1st day of April, 1981, the cost of acquisition of the asset to the assessee or the previous owner (depending upon the mode of acquisition) or the fair market value of the asset on 1.4.1981, at the option of the assessee would be its cost of acquisition.

15. Where the capital gain arises from the transfer of specified security or sweat equity shares, the cost of acquisition of such security or shares shall be the fair market value which has been taken into account while computing the value of the respective fringe benefit.

16. Where the capital asset, being a share or debenture of a company, became the property of the assessee in consideration of transfer of bonds or debentures or Global Depository Receipts purchased in foreign currency, the cost of acquisition shall be deemed to be that part of the cost of debentures or bond or deposit certificate in relation to which such asset is acquired by the assessee.

Cost of improvement

Cost of improvement is the capital expenditure incurred by an assessee for making any addition or improvement in the capital asset. It also includes any expenditure incurred in protecting or curing the title. In other words, cost of improvement includes all those expenditures, which are incurred to increase the value of the capital asset. However, any expenditure which is deductible in computing the income under the heads Income from House Property, Profits and Gains from Business or Profession or Income from Other Sources (Interest on Securities) would not be taken as cost of improvement.

EXEMPTED LONG TERM CAPITAL GAIN

1. Transfer Of A Residential House And Investment In One Residential House

When an individual sells a residential property and buys another residential property, he will be eligible for exemption under Section 54. Conditions to avail the benefit of exemption under Section 54 includes:

- The taxpayer (ie. seller) needs to be an individual or HUF. Thus, firms, LLP's and companies cannot utilize the benefits of this section.
- Asset needs to be classified as a long-term capital asset.
- The asset sold is a Residential House. Income from such a house should be chargeable as Income from House Property
- The seller should purchase a residential house either 1 year before the date of sale/transfer or 2 years after the date of sale/transfer. In case the seller is constructing a house, the seller has an extended time, ie. the seller will have to construct the residential house within 3 years from the date of sale/transfer. In case of compulsory acquisition, the period of acquisition or construction will be determined from the date of receipt of compensation (whether original or additional compensation)
- The new residential house should be in India. The seller cannot buy or purchase a residential house abroad and claim the exemption.

2. Transfer of agricultural lands (Section 54B)

A farmer wants to shift his agricultural land for certain reason and hence he sold his old agricultural land and from the sale proceeds he purchased another agricultural land. In this case the objective of the seller was not to earn income by sale of old land but was to shift to another land. If in this case, the seller was liable to pay income-tax on capital gains arising on sale of old land, then it would be a hardship on him.

Section 54B gives relief from such a hardship. Section 54B gives relief to a taxpayer who sells his agricultural land and from the sale proceeds he acquires another agricultural land. The detailed provisions in this regard are discussed in this part.

Basic conditions

Following conditions should be satisfied to claim the benefit of section 54B.

- The benefit of section 54B is available only to an individual or a HUF

- The asset transferred should be agricultural land. The land may be a long-term capital asset or short-term capital asset.
- The agricultural land should be used by the individual or his parents for agricultural purpose at least for a period of two years immediately preceding the date of transfer. In case of HUF the land should be used by any member of HUF.
- Within a period of two years from the date of transfer of old land the taxpayer should acquire another agricultural land. In case of compulsory acquisition the period of acquisition of new agricultural land will be determined from the date of receipt of compensation. However, as per section 10(37), no capital gain would be chargeable to tax in case of an individual or HUF if agricultural land is compulsorily acquired under any law and the consideration of which is approved by the Central Government or RBI and received on or after 01-04-2004.

3. Compulsory acquisition of land and building of industrial undertakings (54D)

To get exemption the following conditions are to be satisfied:

1. There must be compulsory acquisition.
2. The property compulsorily acquired should be land and building forming part of an industrial undertaking.
3. The asset must have been used in the 2years immediately preceding the date of transfer of the assessee for the purpose of the business of the undertaking.
4. Within a period of 3 years after the date of compulsory acquisition any other land or building should be purchased or constructed for the use of existing or newly set up industrial undertaking.

4. investment in financial asset (Section 54 EC)

This exemption is available to all categories of taxpayers. To get exemption the following condition are to be satisfied.

1. The asset transferred should be a long- term capital asset
2. Within a period of 6 months after the date of transfer, the capital gain must be invested in the specified assets i.e. bonds redeemable after 3 years issued by NHAI or RECL.

5. Capital gains invested in units of notified land for financing start up (Section 54EE)

54EE. (1) Where the capital gain arises from the transfer of a long-term capital asset (herein in this section referred to as the original asset) and the assessee has, at any time within a period of six

months after the date of such transfer, invested the whole or any part of capital gains in the long-term specified asset, the capital gain shall be dealt with in accordance with the following provisions of this section, namely:—

(a) if the cost of the long-term specified asset is not less than the capital gain arising from the transfer of the original asset, the whole of such capital gain shall not be charged under section 45;

(b) if the cost of the long-term specified asset is less than the capital gain arising from the transfer of the original asset, so much of the capital gain as bears to the whole of the capital gain the same proportion as the cost of acquisition of the long-term specified asset bears to the whole of the capital gain, shall not be charged under section 45:

6. Investment into one residential house (Section 54F)

As per provisions of section 54F of the Income Tax Act, 1961, exemption of capital gain is available in case of transfer of long term capital assets against investment in residential house. The salient features for availing exemption under section 54F are detailed hereunder –

1. The exemption under section 54F is available only to individual and HUF;
2. Capital gain has arisen on account of transfer of any long term capital assets other than residential house;
3. Net consideration arisen on account of transfer of long term capital assets has been invested as follows –

Net consideration has been re-invested in purchase of one residential house within a period of 1 year before the date of transfer or within a period of 2 years after the date of transfer; or

Net consideration has been re-invested in construction of one residential house in India within a period of 3 years from the date of transfer.

7. Transfer of fixed asset of industrial undertaking effected to shift it from urban area – 54G

Exemption is Allowed provided the Assessee has Capital Gains in connection with shifting of Industrial Undertaking from Urban area to any other area.

The conditions for claiming exemptions are as under:

- i. the transfer is effected in the course of or in consequence of shifting the undertaking from an urban area to any other area. Any other area means an area not declared as an urban area.

'Urban area' means any such area within the limits of a municipal corporation or municipality, as the Central Government may, having regard to the population, concentration of industries, need for proper planning of the area and other relevant factors, by general or special order, declare to be an urban area for the purposes of this sub-section;

- ii. asset transferred is machinery, plant, building, land or any right in building or land used for the business of industrial undertaking in an urban area;
- iii. the capital gain arising on the asset transferred may be short-term or long-term capital gain. Normally, it will be short-term capital gain because most of the assets of the industrial undertaking will be depreciable assets;
- iv. the capital gain is utilised within one year before or 3 years after the date of transfer for the specified purpose.

8. Shifting of an industrial undertaking from urban area to any special economic zone (section 54GA).

Section 54GA. (1) Notwithstanding anything contained in section 54G, where the capital gain arises from the transfer of a capital asset, being machinery or plant or building or land or any rights in building or land used for the purposes of the business of an industrial undertaking situate in an urban area, effected in the course of, or in consequence of the shifting of such industrial undertaking to any Special Economic Zone, whether developed in any urban area or any other area and the assessee has within a period of one year before or three years after the date on which the transfer took place,-

- (a) purchased machinery or plant for the purposes of business of the industrial undertaking in the Special Economic Zone to which the said undertaking is shifted;
- (b) acquired building or land or constructed building for the purposes of his business in the Special Economic Zone;
- (c) shifted the original asset and transferred the establishment of such undertaking to the Special Economic Zone; and
- (d) incurred expenses on such other purposes as may be specified in a scheme framed by the Central Government for the purposes of this section, then, instead of the capital gain being charged to income-tax as income of the previous year in which the transfer took place, it shall, subject to the provisions of sub-section (2), be dealt with in accordance with the following provisions of this section, that is to say,-
 - (i) if the amount of the capital gain is greater than the cost and expenses incurred in relation to all or

any of the purposes mentioned in clauses (a) to (d) (such cost and expenses being hereafter in this section referred to as the new asset), the difference between the amount of the capital gain and the cost of the new asset shall be charged under section 45 as the income of the previous year; and for the purpose of computing in respect of the new asset any capital gain arising from its transfer within a period of three years of its being purchased, acquired, constructed or transferred, as the case may be, the cost shall be Nil; or

(ii) if the amount of the capital gain is equal to, or less than, the cost of the new asset, the capital gain shall not be charged under section 45, and for the purpose of computing in respect of the new asset any capital gain arising from its transfer within a period of three years of its being purchased, acquired, constructed or transferred, as the case may be, the cost shall be reduced by the amount of the capital gain.

Explanation.-In this sub-section,-

(a) "Special Economic Zone" shall have the meaning assigned to it in clause (za) of *[section 2 of] the Special Economic Zones Act, 2005;

(b) "urban area" means any such area within the limits of a municipal corporation or municipality as the Central Government may, having regard to the population, concentration of industries, need for proper planning of the area and other relevant factors, by general or special order, declare to be an urban area for the purposes of this sub-section.

(2) The amount of capital gain which is not appropriated by the assessee towards the cost and expenses incurred in relation to all or any of the purposes mentioned in clauses (a) to (d) of sub-section (1) within one year before the date on which the transfer of the original asset took place, or which is not utilised by him for all or any of the purposes aforesaid before the date of furnishing the return of income under section 139, shall be deposited by him before furnishing such return [such deposit being made in any case not later than the due date applicable in the case of the assessee for furnishing the return of income under sub-section (1) of section 139] in an account in any such bank or institution as may be specified in, and utilised in accordance with, any scheme which the Central Government may, by notification, frame in this behalf and such return shall be accompanied by proof of such deposit; and, for the purposes of sub-section (1), the amount, if any, already utilised by the assessee for all or any of the aforesaid purposes together with the amount so deposited shall be deemed to be the cost of the new asset :

Provided that if the amount deposited under this sub-section is not utilised wholly or partly for all or any of the purposes mentioned in clauses (a) to (d) of sub-section (1) within the period specified in that sub-section, then,-

- (i) the amount not so utilised shall be charged under section 45 as the income of the previous year in which the period of three years from the date of the transfer of the original asset expires; and
- (ii) the assessee shall be entitled to withdraw such amount in accordance with the scheme aforesaid.

9. Exemption of long term capital gains tax on transfer of residential property (S 54GB)

Eligible Assessee – Individual and HUF

Eligible Capital Gain – Capital gain arising from transfer of **long term** capital asset being a residential house or a plot of land. Transfer of such capital asset should take place between 1st April, 2012 and 31st March, 2017.

Condition for exemption – The assessee has before the due date of furnishing return of income utilizes the net consideration for subscription in equity shares in an eligible company. The eligible company should utilize this amount for purchase of an eligible asset within one year from the date of such subscription. If such company not fully or partially utilizes this amount within one year then such unutilized amount is taxable as capital gain in the year in which such limit of one year expires.

10. Section 54H of Income Tax Act "Extension of time for acquiring new asset or depositing or investing amount of capital gain"

Section 54H. Notwithstanding anything contained in sections 54, 54B, 54D, 54EC and 54F, where the transfer of the original asset is by way of compulsory acquisition under any law and the amount of compensation awarded for such acquisition is not received by the assessee on the date of such transfer, the period for acquiring the new asset by the assessee referred to in those sections or, as the case may be, the period available to the assessee under those sections for depositing or investing the amount of capital gain in relation to such compensation as is not received on the date of the transfer, shall be reckoned from the date of receipt of such compensation :

Provided that where the compensation in respect of transfer of the original asset by way of compulsory acquisition under any law is received before the 1st day of April, 1991, the aforesaid period or periods, if expired, shall extend up to the 31st day of December, 1991.

Capital gain in exceptional cases

We have already discussed the general rules of computing taxable capital gains in the preceding paragraphs. There are, however, certain situations requiring special treatment. Law dealing with such situations is given below.

1. Transfer of shares or debentures of an Indian company by non residents.
2. Transfer of capital assets by a partner to a firm or by a member to association of persons.
3. Compulsory acquisition of assets under any law.
4. Transfer of depreciable assets.
5. Slump date.

Losses under the head capital gain

Where the assessee has suffered loss on transfer of certain capital asset and earned profit on transfer of other assets, he is entitled to set off such losses against such gains. Any loss remaining unadjusted under the head capital gain however, cannot be set off against income under the other heads, eg, salaries, house property, business or profession and other sources. But it shall be carried forward for set off against capital gains in the subsequent assessment years. However, no loss shall be carried forward for more than eight assessment years from the year for which the loss was computed.

DIVIDEND [SEC. 2(22)]

Dividend, in general, means the amount received by a shareholder (whether in cash or in kind) in proportion to his shareholding in a company whether out of past or present income; or taxable or exempted income; or revenue or capital income. However, the Income-tax Act gives an inclusive definition of dividend.

As per sec. 2(22), the following payments or distributions by a company to its shareholders are deemed as dividends to the extent of accumulated profits of the company:

- a) Any distribution of accumulated profits (whether capitalized or not), which results in the release of assets of the company [Sec. 2(22)(a)]

Notes

1. **Treatment of bonus share:** Bonus share declared by the company to its equity share-holders shall not be treated as dividend as there is no release of asset.
2. **Valuation:** In case of release of asset other than cash, the market value of the asset and not the book value shall be considered as deemed dividend in the hands of shareholder.
3. **Exception:** Above provision is not applicable in case of amalgamation

INTEREST ON SECURITIES [SEC. 56(2)(id)]

As per sec. 2(28B), “interest on securities” means -

- a) Interest on any security of the Central Government or a State Government;
- b) Interest on debentures or other securities issued by or on behalf of -
 - a local authority; or
 - a company; or
 - a corporation established by a Central, State or Provincial Act.

Bond Washing Transactions [Sec. 94(1)]

Interest on securities shall not accrue on day-to-day basis. It accrues on the due date of interest as prescribed by issuing authority. Entire interest shall be charged in the hands of assessee who holds security on such date (irrespective of the date of acquisition of such security). Tax liability may be evaded by transferring securities just before the due date of interest (interest includes dividend) to any person (like friend or relative who has low income) and reacquiring the same, after the interest is received by the transferee. With this practice, income, which should have been charged at higher rate, shall be charged at lower rate or nil rates. To avoid these practices, sec. 94(1) provides that -

where an assessee transfers the securities before the due date of interest and reacquires the same, then the interest received by the transferee will be deemed to be the income of the transferor.

E.g: Mr. X transferred 1,000 10% debentures (due date of interest of such debenture is 31st March every year), to his brother Mr. Y on 27/03/2019 to evade tax. Such security is repurchased by him

on 5/04/2019. Interest for the previous year 2018-19, though received by Mr. Y shall be taxable in hands of Mr. X due to sec. 94(1).

Deduction of tax at source

The person who is responsible for paying income by way of interest on securities shall at the time of payment, deduct income tax at the rate in force on the amount of interest payable. The person or comp[any who deduct tax is required to deposit such amount of tax deducted to the government treasury on behalf of the assessee. This is known as deduction of tax at source.

Tax need not be deducted at source in the following cases.

1. Notified bonds and securities issued by the state and central government.
2. 7 year national saving certificate
3. Debentures issued by cooperative society or public sector company or any authority or any other institution notified by the central government.
